

Miss. Code Ann. § 73-21-155
MISSISSIPPI CODE of 1972
*** Current through the 2018 Regular Session ***
TITLE 73. PROFESSIONS AND VOCATIONS
CHAPTER 21. PHARMACISTS
PHARMACY BENEFIT PROMPT PAY ACT

Miss. Code Ann. § 73-21-155

§ 73-21-155. Most current nationally recognized reference price to be used in calculation of reimbursement for prescription drugs and other products and supplies; updating of reference price; time period for payment of benefits; “clean claim” defined; compliance; penalties.

1. Reimbursement under a contract to a pharmacist or pharmacy for prescription drugs and other products and supplies that is calculated according to a formula that uses a nationally recognized reference in the pricing calculation shall use the most current nationally recognized reference price or amount in the actual or constructive possession of the pharmacy benefit manager, its agent, or any other party responsible for reimbursement for prescription drugs and other products and supplies on the date of electronic adjudication or on the date of service shown on the nonelectronic claim.
2. Pharmacy benefit managers, their agents and other parties responsible for reimbursement for prescription drugs and other products and supplies shall be required to update the nationally recognized reference prices or amounts used for calculation of reimbursement for prescription drugs and other products and supplies no less than every three (3) business days.
3.
 - a. All benefits payable under a pharmacy benefit management plan shall be paid within fifteen (15) days after receipt of due written proof of a clean claim where claims are submitted electronically, and shall be paid within thirty-five (35) days after receipt of due written proof of a clean claim where claims are submitted in paper format. Benefits due under the plan and claims are overdue if not paid within fifteen (15) days or thirty-five (35) days, whichever is applicable, after the pharmacy benefit manager receives a clean claim containing necessary information essential for the pharmacy benefit manager to administer preexisting condition, coordination of benefits and subrogation provisions under the plan sponsor’s health insurance plan. A “clean claim” means a claim received by any pharmacy benefit manager for adjudication and which requires no further information, adjustment or alteration by the pharmacist or pharmacies or the insured in order to be processed and paid by the pharmacy benefit manager. A claim is clean if it has no defect or impropriety, including any lack of substantiating documentation, or particular circumstance requiring special treatment that prevents timely payment from being made on the claim under this subsection. A clean claim includes resubmitted claims with previously identified deficiencies corrected.
 - b. A clean claim does not include any of the following:
 - i. A duplicate claim, which means an original claim and its duplicate when the duplicate is filed within thirty (30) days of the original claim;

interest due pursuant to this provision is less than One Dollar (\$1.00), such amount shall be credited to the account of the person or entity to whom such amount is owed.

- d. Any pharmacy benefit manager and a pharmacy may enter into an express written agreement containing timely claim payment provisions which differ from, but are at least as stringent as, the provisions set forth under subsection (3) of this section, and in such case, the provisions of the written agreement shall govern the timely payment of claims by the pharmacy benefit manager to the pharmacy. If the express written agreement is silent as to any interest penalty where claims are not paid in accordance with the agreement, the interest penalty provision of subsection (4)(c) of this section shall apply.
 - e. The State Board of Pharmacy may adopt rules and regulations necessary to ensure compliance with this subsection.
- 5.
- a. For purposes of this subsection (5), “network pharmacy” means a licensed pharmacy in this state that has a contract with a pharmacy benefit manager to provide covered drugs at a negotiated reimbursement rate. A network pharmacy or pharmacist may decline to provide a brand name drug, multisource generic drug, or service, if the network pharmacy or pharmacist is paid less than that network pharmacy’s acquisition cost for the product. If the network pharmacy or pharmacist declines to provide such drug or service, the pharmacy or pharmacist shall provide the customer with adequate information as to where the prescription for the drug or service may be filled.
 - b. The State Board of Pharmacy shall adopt rules and regulations necessary to implement and ensure compliance with this subsection, including, but not limited to, rules and regulations that address access to pharmacy services in rural or underserved areas in cases where a network pharmacy or pharmacist declines to provide a drug or service under paragraph (a) of this subsection. The board shall promulgate the rules and regulations required by this paragraph (b) not later than October 1, 2016.
