

Miss. Code Ann. § 73-21-155

Current with 2023 Regular Session legislation signed by the Governor and effective upon passage through March 18, 2023. The final official version of the statutes affected by 2023 legislation will appear on Lexis Advance and Lexis+ in the fall of 2023.

[Mississippi Code 1972 Annotated](#)>[Title 73. Professions and Vocations \(Chs. 1 — 79\)](#)>[Chapter 21. Pharmacists \(§§ 73-21-1 — 73-21-205\)](#)>[Pharmacy Benefit Prompt Pay Act \(§§ 73-21-151 — 73-21-163\)](#)

§ 73-21-155. Most current reference price to be used in calculation of reimbursement for prescription drugs and other products and supplies; updating of reference price; time period for payment of benefits; “clean claim” defined; compliance; penalties; retroactive denial or reduction of claim after adjudication prohibited.

(1) Reimbursement under a contract to a pharmacist or pharmacy for prescription drugs and other products and supplies that is calculated according to a formula that uses Medi-Span, Gold Standard or a nationally recognized reference that has been approved by the board in the pricing calculation shall use the most current reference price or amount in the actual or constructive possession of the pharmacy benefit manager, its agent, or any other party responsible for reimbursement for prescription drugs and other products and supplies on the date of electronic adjudication or on the date of service shown on the nonelectronic claim.

(2) Pharmacy benefit managers, their agents and other parties responsible for reimbursement for prescription drugs and other products and supplies shall be required to update the nationally recognized reference prices or amounts used for calculation of reimbursement for prescription drugs and other products and supplies no less than every three (3) business days.

(3)

(a) All benefits payable under a pharmacy benefit management plan shall be paid within seven (7) days after receipt of due written proof of a clean claim where claims are submitted electronically, and shall be paid within thirty-five (35) days after receipt of due written proof of a clean claim where claims are submitted in paper format. Benefits due under the plan and claims are overdue if not paid within seven (7) days or thirty-five (35) days, whichever is applicable, after the pharmacy benefit manager receives a clean claim containing necessary information essential for the pharmacy benefit manager to administer

preexisting condition, coordination of benefits and subrogation provisions under the plan sponsor's health insurance plan. A "clean claim" means a claim received by any pharmacy benefit manager for adjudication and which requires no further information, adjustment or alteration by the pharmacist or pharmacies or the insured in order to be processed and paid by the pharmacy benefit manager. A claim is clean if it has no defect or impropriety, including any lack of substantiating documentation, or particular circumstance requiring special treatment that prevents timely payment from being made on the claim under this subsection. A clean claim includes resubmitted claims with previously identified deficiencies corrected.

(b) A clean claim does not include any of the following:

(i) A duplicate claim, which means an original claim and its duplicate when the duplicate is filed within thirty (30) days of the original claim;

(ii) Claims which are submitted fraudulently or that are based upon material misrepresentations;

(iii) Claims that require information essential for the pharmacy benefit manager to administer preexisting condition, coordination of benefits or subrogation provisions under the plan sponsor's health insurance plan; or

(iv) Claims submitted by a pharmacist or pharmacy more than thirty (30) days after the date of service; if the pharmacist or pharmacy does not submit the claim on behalf of the insured, then a claim is not clean when submitted more than thirty (30) days after the date of billing by the pharmacist or pharmacy to the insured.

(c) Not later than seven (7) days after the date the pharmacy benefit manager actually receives an electronic claim, the pharmacy benefit manager shall pay the appropriate benefit in full, or any portion of the claim that is clean, and notify the pharmacist or pharmacy (where the claim is owed to the pharmacist or pharmacy) of the reasons why the claim or portion thereof is not clean and will not be paid and what substantiating documentation and information is required to adjudicate the claim as clean. Not later than thirty-five (35) days after the date the pharmacy benefit manager actually receives a paper claim, the pharmacy benefit manager shall pay the appropriate benefit in full, or any portion of the claim that is clean, and notify the pharmacist or pharmacy (where the claim is owed to the pharmacist or pharmacy) of the reasons why the claim or portion thereof is not clean

and will not be paid and what substantiating documentation and information is required to adjudicate the claim as clean. Any claim or portion thereof resubmitted with the supporting documentation and information requested by the pharmacy benefit manager shall be paid within twenty (20) days after receipt.

(4) If the board finds that any pharmacy benefit manager, agent or other party responsible for reimbursement for prescription drugs and other products and supplies has not paid ninety-five percent (95%) of clean claims as defined in subsection (3) of this section received from all pharmacies in a calendar quarter, he shall be subject to administrative penalty of not more than Twenty-five Thousand Dollars (\$25,000.00) to be assessed by the State Board of Pharmacy.

(a) Examinations to determine compliance with this subsection may be conducted by the board. The board may contract with qualified impartial outside sources to assist in examinations to determine compliance. The expenses of any such examinations shall be paid by the pharmacy benefit manager examined.

(b) Nothing in the provisions of this section shall require a pharmacy benefit manager to pay claims that are not covered under the terms of a contract or policy of accident and sickness insurance or prepaid coverage.

(c) If the claim is not denied for valid and proper reasons by the end of the applicable time period prescribed in this provision, the pharmacy benefit manager must pay the pharmacy (where the claim is owed to the pharmacy) or the patient (where the claim is owed to a patient) interest on accrued benefits at the rate of one and one-half percent (1-1/2%) per month accruing from the day after payment was due on the amount of the benefits that remain unpaid until the claim is finally settled or adjudicated. Whenever interest due pursuant to this provision is less than One Dollar (\$1.00), such amount shall be credited to the account of the person or entity to whom such amount is owed.

(d) Any pharmacy benefit manager and a pharmacy may enter into an express written agreement containing timely claim payment provisions which differ from, but are at least as stringent as, the provisions set forth under subsection (3) of this section, and in such case, the provisions of the written agreement shall govern the timely payment of claims by the pharmacy benefit manager to the pharmacy. If the express written agreement is silent as to any interest penalty where claims are not paid in accordance with the agreement, the interest penalty provision of subsection (4)(c) of this section shall apply.

(e) The State Board of Pharmacy may adopt rules and regulations necessary to ensure compliance with this subsection.

(5)

(a) For purposes of this subsection (5), “network pharmacy” means a licensed pharmacy in this state that has a contract with a pharmacy benefit manager to provide covered drugs at a negotiated reimbursement rate. A network pharmacy or pharmacist may decline to provide a brand name drug, multisource generic drug, or service, if the network pharmacy or pharmacist is paid less than that network pharmacy’s acquisition cost for the product. If the network pharmacy or pharmacist declines to provide such drug or service, the pharmacy or pharmacist shall provide the customer with adequate information as to where the prescription for the drug or service may be filled.

(b) The State Board of Pharmacy shall adopt rules and regulations necessary to implement and ensure compliance with this subsection, including, but not limited to, rules and regulations that address access to pharmacy services in rural or underserved areas in cases where a network pharmacy or pharmacist declines to provide a drug or service under paragraph (a) of this subsection. The board shall promulgate the rules and regulations required by this paragraph (b) not later than October 1, 2016.

(6) A pharmacy benefit manager shall not directly or indirectly retroactively deny or reduce a claim or aggregate of claims after the claim or aggregate of claims has been adjudicated.
