

Post Inspection

Any conditions that are unsatisfactory or need improvement will need to be corrected. Keep all documentation related to making those corrections with your inspection report. After the initial education period, any non-compliance could be referred to the Board's review committee and may result in disciplinary action by the Board of Pharmacy. If the pharmacy compliance agent suspects a violation of pharmacy law has occurred, the facility may receive a written notice. Examples of written notices would be:

- Education/call for corrective action plan
- Issue a warning or reprimand
- Issue a citation

Refer the case for disciplinary action. Warnings, citations, and reprimands are not considered disciplinary actions.

What to expect during a Board of Pharmacy Inspection for Pharmacists

The Mississippi Board of Pharmacy appreciates your cooperation during this inspection. The mission of the Board is to protect and promote the health of Mississippi citizens by regulating and controlling the practice of pharmacy and the distribution of prescription drugs and devices. Our inspections are done by compliance agents of the Board of Pharmacy. Inspections are routine (once every 12-18 months), unannounced visits. The goal of an inspection is to safeguard the health and safety of consumers. An inspection is also an opportunity for our compliance agents to provide education, guidance, and answers to any questions you may have. We look forward to partnering with you to keep Mississippi healthy and safe.
