Project Description

We propose to furnish and install the following components into the existing Boardroom Audio Video System of the MS Board of Pharmacy located in Jackson, Mississippi.

The 65in video display will be installed centrally on the rear wall behind the audience, facing the lead dais area. This display will share the same video content as the side wall displays, but in a more viewable location for many board members. It will receive a video signal from the existing video distribution amplifier. A small form factor surge protector will be installed behind the video display for added protection.

An ePTZ camera offering a 100 degree horizontal field of view will be installed centrally on the rear wall focusing on the dais for video coverage. This camera will be dedicated to Video Conferencing.

A decora style wall plate with a built-in transmitter will be installed on the column also housing the touchscreen. This unit will convert locally plugged in HDMI signals to a video network signal and then again converted by the included receiver at the rack back to HDMI. This will provide an additional input to the existing matrix video switcher.

Two Yamaha Adecia beam steering microphones will be installed symmetrically in the room at ceiling level for the purposes of providing voice support of those in the room to those participating in the video conferences from offsite positions. These microphones specifically target human speech, ignoring other sounds that area otherwise noise. They lock on instantly and even track the individual speaking in the event this person started to move or even walk around the room.

The existing touchscreen controller will be relocated on the side of the beam where it currently resides for a more concealed and accessible operating position. It will be reprogrammed to support the above listed additions.

This project consists of the following components along with the necessary professional programming and installation labor.

ARTICLE XV ISSUANCE AND RECEIPT OF PRESCRIPTION COPIES

1. Prescriptions for drugs which are controlled substances as defined by the Mississippi Uniform Controlled Substances Law shall not be transferred. Prescriptions for noncontrolled drugs may be transferred orally by telephone or electronically (to include facsimile) at the request of the patient or authorized agent by pharmacists between pharmacies for the purpose of refill dispensing provided:
 - A. That in pharmacies with a manual record keeping system the transferor pharmacist invalidates the prescription on file as of the date the copy is given by writing "Void" on its face; and records on the back of the invalidated prescription order that a copy has been issued, to whom, the date of issuance of such copy and the initials of the pharmacist issuing the transferred prescription.
 - B. That in pharmacies with a computerized record keeping system the transferor pharmacist records in the system a cancellation of the prescription. This cancellation shall record that a copy of the prescription has been issued, to whom it was issued, the date of issuance of such copy and the initials of the pharmacist issuing the copy. This required information must be immediately retrievable (via CRT display or hard copy printout).
 - C. The transferee pharmacist, upon receiving such prescription directly from another pharmacist, records the following and enters into the data processing system:
 - (1) The name and address of the pharmacy from which the prescription was transferred and the original prescription number used by that pharmacy;
 - (2) The name of the transferor pharmacist;
 - (3) All information constituting a prescription order, including the following:
 - (a) Patient's name.
 - (b) Date of issuance of original prescription and date of original dispensing.
 - (c) Original number of refills authorized on original prescription;
 - (d) Number of valid refills remaining.
 - D. The receiving pharmacist informs the patient that the original prescription has been canceled at the pharmacy from which it was obtained.
2. Computerized systems must satisfy all requirements of paragraph 1. of this ARTICLE. If pharmacies share a common computerized system, one pharmacist may perform all required actions, but this shall be limited to once per patient prescription.
3. Presentation of a written prescription copy or label from dispensed medication shall be for information purposes only and has no legal status as a valid prescription order. The recipient pharmacist of such copy or prescription label shall contact the prescribing practitioner for authorization to dispense the prescription, which is the same as obtaining an original prescription order or transfer the prescription in accordance with the provisions of paragraph 1. of this ARTICLE.

TITLE 30: PROFESSIONS AND OCCUPATIONS
PART 3001: MISSISSIPPI PHARMACY PRACTICE REGULATIONS

ARTICLE XLVII PHYSICIAN DISPENSING FACILITY PERMITS

For the purposes of this Article, a “dispensing physician” means any physician who dispenses to a patient for the patient's use any controlled substance, legend drug or other medication where such medication is purchased by the physician for resale to a patient whether or not a separate charge is made.

Section 1: Application for Permit

Pursuant to Part 2640, Chapter 1, Rule 1.9 of the Mississippi Board of Medical Licensure Regulations, every dispensing physician in this State shall obtain a dispensing physician facility permit from the Mississippi Board of Pharmacy for every location where controlled substances or legend drugs are dispensed. The dispensing physician must obtain a certificate to dispense medications from the Mississippi Board of Medical Licensure prior to applying for a dispensing physician facility permit from the Mississippi Board of Pharmacy. Such permit shall be obtained by applying for a permit on a form supplied by the Mississippi Board of Pharmacy and accompanied by a fee of Three Hundred Dollars (\$300.00). All physician dispensing facility permits expire on December 31 of each year and shall be renewed annually by submitting a renewal application and a renewal fee of Three Hundred Dollars (\$300.00). Any renewal application postmarked after December 31st of the renewal period shall be returned and assessed a Fifty Dollar (\$50.00) late fee prior to renewal. Dispensing physician facility permits are not transferable or assignable.

Any physician that utilizes an automated dispensary must obtain a separate Automated Physician Dispensing Facility Permit. Each automated dispensary shall be required to have a separate permit. An automated physician dispensing facility permit shall be obtained by applying on a form supplied by the Mississippi Board of Pharmacy and accompanied by a fee of Three Hundred Dollars (\$300.00). All automated physician dispensing facility permits expire on December 31 of each year and shall be renewed annually by submitting a renewal application and a renewal fee of Three Hundred Dollars (\$300.00). Any renewal application postmarked after December 31st of the renewal period shall be returned and assessed a Fifty Dollar (\$50.00) late fee prior to renewal. Automated dispensing physician facility permits are not transferable or assignable.

Section 2: Record Keeping

1. Every Physician Dispensing Facility Permit issued by the Board of Pharmacy shall keep complete and accurate records of the acquisition and disposition of all controlled substances. An annual inventory shall be conducted on all controlled substances. These records shall include:
 - a. A current dated and signed inventory of all controlled substances on hand on the inventory date;
 - b. Complete and accurate records of receipt of all controlled substances;
 - c. Complete and accurate records of disposition of all controlled substances.

Records of acquisition must be maintained for a period of two (2) years. Records of disposition must be maintained for a period of six (6) years. These records shall be kept in such a manner that an audit will show the beginning inventory and record of acquisition of controlled substances to balance with the controlled substances on hand and the record of disposition of controlled substances.

2. Unless authorized by the Federal Drug Enforcement Administration to maintain records of controlled substances at a location other than the location permitted by the Mississippi Board of Pharmacy, these records shall be maintained at the permitted location. All records pertaining to controlled substances shall be made available for inspection and copying by agents of the Mississippi Board of Pharmacy. A dispensing physician may use a data processing system or a manual record keeping system for the storage and retrieval of all drug order and dispensing information. All records of controlled substances in Schedule II shall be maintained separately from all other records. All records of controlled substances in Schedule III, IV and V, whether maintained manually or in a data processing system, shall be maintained separately or in such a manner that they are readily retrievable from the other business records. Invoices for controlled substances shall be dated and initialed by the person receiving the order.
3. If a dispensing physician utilizes a data processing system, it must provide immediate retrieval of drug dispensing information. The data processing system must have the capability of producing a hard copy printout of all dispensing information including an audit trail for any specified strength and dosage form of any controlled substance either by brand name or generic name or both for any time period in the prior two (2) years. The audit trail specified by this Article must be produced on verbal or written request of any Compliance Agent of the Board. Failure to produce and provide this audit trail within twenty-four (24) hours constitutes prima facie evidence of failure to keep and maintain records as required by this Article.
4. The records of controlled substances in Schedules II, III, IV and V, which are maintained in a data processing system shall be maintained with the following information pertaining to the initial dispensing of the drug shall be entered into the data processing system:
 - a. Date of initial dispensing;
 - b. Name and address of patient;
 - c. Dispensing physician's name and DEA registration number; and
 - d. The name, strength, dosage form and quantity of the controlled substance ordered and dispensed.
5. A record of all controlled substance dispensing information shall be transmitted to the Prescription Monitoring Program every twenty-four (24) hours or within the next business day by all dispensing physicians for all controlled substances dispensed which amounts to greater than a forty-eight (48) hour supply. Dispensers will be required to collect and transmit the following information:
 - a. The recipient's name;
 - b. The recipient's or the recipient representative's identification number;
 - c. The recipient's date of birth;
 - d. The national drug code (NDC) number of the controlled substance dispensed;

- e. The date the controlled substance is dispensed;
 - f. The quantity of the controlled substance dispensed;
 - g. The number of days supply dispensed;
 - h. The dispenser's NCPDP registration number;
 - i. The dispenser's DEA registration number, and
 - j. The method of payment of the prescription purchase.
6. A single physician dispenser may not share or otherwise allow other practitioners to utilize medications or inventory ordered under their authority. Proper transference of medications may take place pursuant to an accurate record of acquisition and disposition of the medications being transferred. Additionally, for the transference of controlled substances, all Federal Drug Enforcement Agency (DEA) regulations must be followed.

Section 3: Storage and Dispensing Conditions

1. All drug products which are stored or maintained in a facility permitted by the Board of Pharmacy shall remain in the manufacturer's or repackager's original container. The label of any container in which drugs are maintained must bear the drug name, strength, the manufacturer's control lot number and the expiration date. Drugs which are precounted and prepackaged, or placed in automatic tablet counting machines, for purposes of dispensing shall be identifiable as to expiration date and manufacturer's control lot number. The containers in which drug products are maintained shall not be labeled in any false or misleading manner. The labeling requirements of this ARTICLE are in addition to, and not in lieu of, other labeling requirements of the laws of the state of Mississippi and laws of the United States or federal regulations.
2. No physician may delegate dispensing authority to another person. Except as allowed pursuant to an automated dispensing physician facility permit, a physician must personally dispense the medication. For the purpose of this regulation, "personally dispense" means the physician must actually obtain the medication, prepare, count, place the medication into the appropriate container and affix the appropriate label to the container.
3. A physician shall not dispense out-of-date drugs and shall not maintain out-of-date drugs intermixed with the stock of current drugs. Out-of-date drugs shall be promptly removed from current stock and stored separately until proper disposal shall be made.
4. The Board of Pharmacy or its representative may seize, embargo, quarantine or place under seal any drug or controlled substance which may constitute an imminent danger to the public health or safety.
5. A physician shall not accept the return for subsequent resale or exchange any drug after such drug has been taken from the premises where sold, distributed or dispensed and from the control of the physician.
6. All drug products shall be maintained, stored and dispensed in such a manner as to maintain the integrity of the product.

7. Unless requested not to do so, all medication dispensed in a liquid or solid dosage form shall be dispensed in child resistant packaging.
8. Disasters, accidents or emergencies which may affect the strength, purity or labeling of drugs shall be immediately reported to the Board of Pharmacy.
9. Customized Patient Medication Packages: In lieu of dispensing two or more prescribed drug products in separate containers, a physician may, with the consent of the patient or a patient's care giver, provide a customized package, known as a patient med-pak provided:
 - a. Patient med-paks shall bear a label (or labels) including all information required on a traditional prescription label. In addition, the med-pak shall bear an identification number unique to that patient med-pak, the date of preparation and the beyond-use date of the patient med-pak (not to exceed ninety (90) days from the date of preparation). If the patient med-pak allows for the removal or separation of individual cells within the med-pak, each cell shall bear a label identifying each of the drug products contained.
 - b. It is the responsibility of the dispensing physician when preparing the med-pak, to take into account any applicable compendia requirements or guidelines and the physical and chemical compatibility of the dosage forms placed within each cell of the med-pak, as well as any therapeutic incompatibilities that may attend the simultaneous administration of the drugs.
 - c. A record of each patient med-pak shall be made and filed. Each record shall contain at a minimum:
 - i. The name and address of the patient;
 - ii. The unique identification number of the patient med-pak;
 - iii. The drug name, manufacturer or distributor name and lot number of each drug product contained;
 - iv. Any special labeling instructions;
 - v. Information identifying or describing the design, characteristics, or specifications of the med-pak, sufficient to allow subsequent preparation of the med-pak for the patient;
 - vi. The date of preparation of the patient med-pak and the beyond-use date that was assigned; and
 - vii. The name or initials of the physician responsible for preparing the med-pak.

Section 4: Labeling

The label on the dispensing container shall include:

1. The name and address of the patient to whom the medication was dispensed;
2. The date that the medication was dispensed;
3. The drug name, manufacturer or distributor name and lot number of the drug product dispensed;
4. The strength and quantity of the medication;
5. Directions for taking or administering the medication;
6. The name and address of the physician dispensing the medication, and
7. Any other information which is necessary or required.

The label shall be affixed to the outside of the container of the dispensed medication by means of adhesive or tape or any other means which will assure that the label remains attached to the container.

Section 5: Security

In all places where controlled substances are maintained, they shall be maintained in a manner to deter loss by theft or burglary. Storage of controlled substances in any schedule may be made in a securely locked, substantially constructed container or area; or they may be dispersed throughout the stock of non-controlled substances in such a manner as to obstruct the theft or diversion of the controlled substances; or they may be stored by a combination of these methods. Only the dispensing physician or person authorized by the dispensing physician shall have access to this storage area.

Section 6: Inventory

1. If a facility has a loss of controlled substances, a complete inventory of all remaining controlled substances shall be made within forty-eight (48) hours of discovery of the loss of controlled substances. This inventory shall be dated and signed by the dispensing physician conducting the inventory. Any loss or suspected loss of controlled substances shall be reported directly to the Mississippi Board of Pharmacy immediately upon discovery and a written report made to the Mississippi Board of Pharmacy within fifteen (15) days; this written report shall include a copy of the inventory required by this ARTICLE.
2. When a facility has a change in ownership, or is permanently closed, a complete inventory shall be made of all controlled substances at the time of the change. A copy of this inventory shall be kept with other records of controlled substances in the facility and a copy shall be sent to the office of the Board of Pharmacy. When a facility is permanently closed, the dispensing physician shall notify the Board in writing within fifteen (15) days by what means and as to whom controlled substances were transferred or disposed of.
3. Every dispensing physician facility permitted by the Mississippi Board of Pharmacy shall take an annual inventory of all controlled substances on hand on or about May 1 but no later than May 15. A facility may conduct the controlled substance inventory at another date so long as the annual inventory is conducted during the same period each year. This inventory shall be maintained with the other controlled substance records of the facility.

Section 7: Disposal of Controlled Substances

1. Any dispensing physician authorized to possess controlled substances in the course of their professional practice or the course of their business may dispose of any expired, excess or unwanted controlled substances by contacting and utilizing the services of a reverse distributor as defined by the Federal Drug Enforcement Administration. Any such reverse distributor must hold a valid Certificate of Registration Number issued by the Federal Drug Enforcement Administration and the Mississippi Board of Pharmacy. All records of the disposal of controlled substances shall be maintained for a period of two (2) years.

2. A dispensing physician facility permitted by the Mississippi Board of Pharmacy in which controlled substances are administered to patients, may make on-premises destruction of controlled substances provided:
 - a. The controlled substance is the remainder of a prepackaged single dosage unit or unit of use.
 - b. At least part of the unit dose or unit of use was administered.
 - c. The destruction is recorded showing:
 - i. The name of the drug;
 - ii. The amount of the drug which was administered and the amount of the drug which was destroyed;
 - iii. The time and the date of destruction;
 - iv. The name of the patient;
 - v. The name of the person administering the drug;
 - vi. The signature of the person (physician or nurse) making the destruction;
 - vii. The signature of a second person who witnessed the destruction.
 - d. The record of the destruction is maintained by the facility.
 - e. A single dosage unit or any unit of use of a controlled substance which (1) is broken, (2) becomes contaminated, (3) or for any reason cannot be used, may be destroyed on premise provided the destruction is documented.
3. Except as provided for in this ARTICLE, no controlled substance may be destroyed or disposed of by a permittee without written permission of the Regional Director of the Federal Drug Enforcement Administration.

Section 8: Automated Dispensaries

1. Any physician utilizing an automated dispensary will be responsible for developing and implementing written policies and procedures to ensure safety, accuracy, accountability, security, patient confidentiality and maintenance of the quality, potency and purity of the medications dispensed by the automated dispensary.
2. Any physician utilizing an automated dispensary will be responsible for the proper maintenance and inventory/accountability requirements as if the physician were personally dispensing the medications to the patients from his or her medication stock/inventory in their personal practice.
3. An automated dispensary may only be stocked by the inventory/stock from a single physician and may not dispense controlled substances.
4. The stocking of an automated dispensary shall be performed only by the responsible physician. This task may not be delegated.
5. All medications dispensed from the automated dispensary shall comply with the labeling requirements of Section 4 of this regulation.

6. No medication may be dispensed from an automated dispensary unless the patient has first had an initial or follow-up visit with the physician. Any refills dispensed from an automated dispensary must be accompanied by its own preceding physician visit.
7. Any automated dispensing system shall maintain an electronic record of all information related to each and every medication dispensed including, but not limited to, all label information and date and time of dispensing.

Section 9: Dispensing Compounded Products

- A. Prior to engaging in compounding pharmaceuticals for dispensing, a physician dispensing facility shall obtain a compounding certificate from the Mississippi Board of Pharmacy.
 - i. To obtain a compounding certificate, an applicant must complete a compounding certificate application. A compounding certificate is required for each physician dispenser. The physician dispenser shall not delegate any part of the compounding process to another person.
 - ii. A compounding certificate will expire when the physician dispensing permit expires and can be renewed at the time the physician dispensing permit is renewed.
 - iii. Compounding for dispensing, without obtaining the compounding certificate, shall be grounds for disciplinary action.
 - iv. Every physician dispenser that engages in compounding for dispensing shall keep records of all compounded products that are dispensed to patients. Such records shall be readily available for authorized inspection for 6 years from the date of dispensing.
 - v. Any dispensing physician with an active compounding certificate for dispensing is subject to a compounding inspection by the Board.
- B. Every dispensing physician that is engaged in compounding pharmaceuticals for dispensing shall comply with USP 795, USP 797, and USP 800 when compounding in the scope of those chapters.
- C. For the purposes of this Section, flavoring is not considered compounding. In addition, the combining of commercially manufactured, ready-to-use products shall be exempt from USP 795 compounding standards under the following conditions:
 - i. No more than four (4) commercially manufactured ready-to-use products (that have not been manipulated) are used;
 - ii. Compounding is not done in anticipation of orders;
 - iii. Must follow USP 795 beyond use dates (BUDs);
 - iv. The prescription label complies with all related USP chapter requirements as well as the labeling requirements set forth in this regulation.
- D. A physician dispenser may compound for dispensing to an individual patient, medications that are not commercially available in the marketplace in compliance with Compounding Using

Bulk Drug Substances Under Section 503A of the Federal Food, Drug, and Cosmetic Act. This includes compounding a copy of a commercial product when that commercial product is not available as evidenced by either of the following:

- i. Products that appear as unresolved status on the FDA drug shortage list in effect under section 506E of the FD&C Act; or
 - ii. Products discontinued and no longer marketed by the manufacturer.
- E. A physician dispenser shall not compound for dispensing products that appear on the FDA List of Drugs withdrawn or removed from the market for safety reasons or on the FDA List of Drug products that present demonstrable difficulties in compounding.
- F. A physician dispenser shall not offer compounded human drug products to other practitioners or to pharmacies for resale or dispensing. A physician dispenser may not dispense compounded product from another practitioner or that was compounded by a 503A or 503B pharmacy.
- G. Nothing in this section prohibits a physician from compounding for immediate administration or requires a physician dispenser to obtain a compounding certificate from the MS Board of Pharmacy for compounding for administration.

TITLE 30: PROFESSIONS AND OCCUPATIONS
PART 3001: MISSISSIPPI PHARMACY PRACTICE REGULATIONS

ARTICLE XLVII PHYSICIAN DISPENSING FACILITY PERMITS

For the purposes of this Article, a “dispensing physician” means any physician who dispenses to a patient for the patient's use any controlled substance, legend drug or other medication where such medication is purchased by the physician for resale to a patient whether or not a separate charge is made.

Section 1: Application for Permit

Pursuant to Part 2640, Chapter 1, Rule 1.9 of the Mississippi Board of Medical Licensure Regulations, every dispensing physician in this State shall obtain a dispensing physician facility permit from the Mississippi Board of Pharmacy for every location where controlled substances or legend drugs are dispensed. The dispensing physician must obtain a certificate to dispense medications from the Mississippi Board of Medical Licensure prior to applying for a dispensing physician facility permit from the Mississippi Board of Pharmacy. Such permit shall be obtained by applying for a permit on a form supplied by the Mississippi Board of Pharmacy and accompanied by a fee of Three Hundred Dollars (\$300.00). All physician dispensing facility permits expire on December 31 of each year and shall be renewed annually by submitting a renewal application and a renewal fee of Three Hundred Dollars (\$300.00). Any renewal application postmarked after December 31st of the renewal period shall be returned and assessed a Fifty Dollar (\$50.00) late fee prior to renewal. Dispensing physician facility permits are not transferable or assignable.

Any physician that utilizes an automated dispensary must obtain a separate Automated Physician Dispensing Facility Permit. Each automated dispensary shall be required to have a separate permit. An automated physician dispensing facility permit shall be obtained by applying on a form supplied by the Mississippi Board of Pharmacy and accompanied by a fee of Three Hundred Dollars (\$300.00). All automated physician dispensing facility permits expire on December 31 of each year and shall be renewed annually by submitting a renewal application and a renewal fee of Three Hundred Dollars (\$300.00). Any renewal application postmarked after December 31st of the renewal period shall be returned and assessed a Fifty Dollar (\$50.00) late fee prior to renewal. Automated dispensing physician facility permits are not transferable or assignable.

Section 2: Record Keeping

1. Every Physician Dispensing Facility Permit issued by the Board of Pharmacy shall keep complete and accurate records of the acquisition and disposition of all controlled substances. An annual inventory shall be conducted on all controlled substances. These records shall include:
 - a. A current dated and signed inventory of all controlled substances on hand on the inventory date;

- b. Complete and accurate records of receipt of all controlled substances;
 - c. Complete and accurate records of disposition of all controlled substances. Records of acquisition must be maintained for a period of two (2) years. Records of disposition must be maintained for a period of six (6) years. These records shall be kept in such a manner that an audit will show the beginning inventory and record of acquisition of controlled substances to balance with the controlled substances on hand and the record of disposition of controlled substances.
2. Unless authorized by the Federal Drug Enforcement Administration to maintain records of controlled substances at a location other than the location permitted by the Mississippi Board of Pharmacy, these records shall be maintained at the permitted location. All records pertaining to controlled substances shall be made available for inspection and copying by agents of the Mississippi Board of Pharmacy. A dispensing physician may use a data processing system or a manual record keeping system for the storage and retrieval of all drug order and dispensing information. All records of controlled substances in Schedule II shall be maintained separately from all other records. All records of controlled substances in Schedule III, IV and V, whether maintained manually or in a data processing system, shall be maintained separately or in such a manner that they are readily retrievable from the other business records. Invoices for controlled substances shall be dated and initialed by the person receiving the order.
 3. If a dispensing physician utilizes a data processing system, it must provide immediate retrieval of drug dispensing information. The data processing system must have the capability of producing a hard copy printout of all dispensing information including an audit trail for any specified strength and dosage form of any controlled substance either by brand name or generic name or both for any time period in the prior two (2) years. The audit trail specified by this Article must be produced on verbal or written request of any Compliance Agent of the Board. Failure to produce and provide this audit trail within twenty-four (24) hours constitutes prima facie evidence of failure to keep and maintain records as required by this Article.
 4. The records of controlled substances in Schedules II, III, IV and V, which are maintained in a data processing system shall be maintained with the following information pertaining to the initial dispensing of the drug shall be entered into the data processing system:
 - a. Date of initial dispensing;
 - b. Name and address of patient;
 - c. Dispensing physician's name and DEA registration number; and
 - d. The name, strength, dosage form and quantity of the controlled substance ordered and dispensed.
 5. A record of all controlled substance dispensing information shall be transmitted to the Prescription Monitoring Program every twenty-four (24) hours or within the next business day by all dispensing physicians for all controlled substances dispensed which amounts to greater than a forty-eight (48) hour supply. Dispensers will be required to collect and transmit the following information:
 - a. The recipient's name;
 - b. The recipient's or the recipient representative's identification number;

- c. The recipient's date of birth;
 - d. The national drug code (NDC) number of the controlled substance dispensed;
 - e. The date the controlled substance is dispensed;
 - f. The quantity of the controlled substance dispensed;
 - g. The number of days supply dispensed;
 - h. The dispenser's NCPDP registration number;
 - i. The dispenser's DEA registration number, and
 - j. The method of payment of the prescription purchase.
6. A single physician dispenser may not share or otherwise allow other practitioners to utilize medications or inventory ordered under their authority. Proper transference of medications may take place pursuant to an accurate record of acquisition and disposition of the medications being transferred. Additionally, for the transference of controlled substances, all Federal Drug Enforcement Agency (DEA) regulations must be followed.

Section 3: Storage and Dispensing Conditions

1. All drug products which are stored or maintained in a facility permitted by the Board of Pharmacy shall remain in the manufacturer's or repackager's original container. The label of any container in which drugs are maintained must bear the drug name, strength, the manufacturer's control lot number and the expiration date. Drugs which are precounted and prepackaged, or placed in automatic tablet counting machines, for purposes of dispensing shall be identifiable as to expiration date and manufacturer's control lot number. The containers in which drug products are maintained shall not be labeled in any false or misleading manner. The labeling requirements of this ARTICLE are in addition to, and not in lieu of, other labeling requirements of the laws of the state of Mississippi and laws of the United States or federal regulations.
2. No physician may delegate dispensing authority to another person. Except as allowed pursuant to an automated dispensing physician facility permit, a physician must personally dispense the medication. For the purpose of this regulation, "personally dispense" means the physician must actually obtain the medication, prepare, count, place the medication into the appropriate container and affix the appropriate label to the container.
3. A physician shall not dispense out-of-date drugs and shall not maintain out-of-date drugs intermixed with the stock of current drugs. Out-of-date drugs shall be promptly removed from current stock and stored separately until proper disposal shall be made.
4. The Board of Pharmacy or its representative may seize, embargo, quarantine or place under seal any drug or controlled substance which may constitute an imminent danger to the public health or safety.
5. A physician shall not accept the return for subsequent resale or exchange any drug after such drug has been taken from the premises where sold, distributed or dispensed and from the control of the physician.
6. All drug products shall be maintained, stored and dispensed in such a manner as to maintain the integrity of the product.

7. Unless requested not to do so, all medication dispensed in a liquid or solid dosage form shall be dispensed in child resistant packaging.
8. Disasters, accidents or emergencies which may affect the strength, purity or labeling of drugs shall be immediately reported to the Board of Pharmacy.
9. Customized Patient Medication Packages: In lieu of dispensing two or more prescribed drug products in separate containers, a physician may, with the consent of the patient or a patient's care giver, provide a customized package, known as a patient med-pak provided:
 - a. Patient med-paks shall bear a label (or labels) including all information required on a traditional prescription label. In addition, the med-pak shall bear an identification number unique to that patient med-pak, the date of preparation and the beyond-use date of the patient med-pak (not to exceed ninety (90) days from the date of preparation). If the patient med-pak allows for the removal or separation of individual cells within the med-pak, each cell shall bear a label identifying each of the drug products contained.
 - b. It is the responsibility of the dispensing physician when preparing the med-pak, to take into account any applicable compendia requirements or guidelines and the physical and chemical compatibility of the dosage forms placed within each cell of the med-pak, as well as any therapeutic incompatibilities that may attend the simultaneous administration of the drugs.
 - c. A record of each patient med-pak shall be made and filed. Each record shall contain at a minimum:
 - i. The name and address of the patient;
 - ii. The unique identification number of the patient med-pak;
 - iii. The drug name, manufacturer or distributor name and lot number of each drug product contained;
 - iv. Any special labeling instructions;
 - v. Information identifying or describing the design, characteristics, or specifications of the med-pak, sufficient to allow subsequent preparation of the med-pak for the patient;
 - vi. The date of preparation of the patient med-pak and the beyond-use date that was assigned; and
 - vii. The name or initials of the physician responsible for preparing the med-pak.

Section 4: Labeling

The label on the dispensing container shall include:

1. The name and address of the patient to whom the medication was dispensed;
2. The date that the medication was dispensed;
3. The drug name, manufacturer or distributor name and lot number of the drug product dispensed;
4. The strength and quantity of the medication;
5. Directions for taking or administering the medication;
6. The name and address of the physician dispensing the medication, and
7. Any other information which is necessary or required.

The label shall be affixed to the outside of the container of the dispensed medication by means of adhesive or tape or any other means which will assure that the label remains attached to the container.

Section 5: Security

In all places where controlled substances are maintained, they shall be maintained in a manner to deter loss by theft or burglary. Storage of controlled substances in any schedule may be made in a securely locked, substantially constructed container or area; or they may be dispersed throughout the stock of non-controlled substances in such a manner as to obstruct the theft or diversion of the controlled substances; or they may be stored by a combination of these methods. Only the dispensing physician or person authorized by the dispensing physician shall have access to this storage area.

Section 6: Inventory

1. If a facility has a loss of controlled substances, a complete inventory of all remaining controlled substances shall be made within forty-eight (48) hours of discovery of the loss of controlled substances. This inventory shall be dated and signed by the dispensing physician conducting the inventory. Any loss or suspected loss of controlled substances shall be reported directly to the Mississippi Board of Pharmacy immediately upon discovery and a written report made to the Mississippi Board of Pharmacy within fifteen (15) days; this written report shall include a copy of the inventory required by this ARTICLE.
2. When a facility has a change in ownership, or is permanently closed, a complete inventory shall be made of all controlled substances at the time of the change. A copy of this inventory shall be kept with other records of controlled substances in the facility and a copy shall be sent to the office of the Board of Pharmacy. When a facility is permanently closed, the dispensing physician shall notify the Board in writing within fifteen (15) days by what means and as to whom controlled substances were transferred or disposed of.
3. Every dispensing physician facility permitted by the Mississippi Board of Pharmacy shall take an annual inventory of all controlled substances on hand on or about May 1 but no later than May 15. A facility may conduct the controlled substance inventory at another date so long as the annual inventory is conducted during the same period each year. This inventory shall be maintained with the other controlled substance records of the facility.

Section 7: Disposal of Controlled Substances

1. Any dispensing physician authorized to possess controlled substances in the course of their professional practice or the course of their business may dispose of any expired, excess or unwanted controlled substances by contacting and utilizing the services of a reverse distributor as defined by the Federal Drug Enforcement Administration. Any such reverse distributor must hold a valid Certificate of Registration Number issued by the Federal Drug Enforcement Administration and the Mississippi Board of Pharmacy. All records of the disposal of controlled substances shall be maintained for a period of two (2) years.

2.A dispensing physician facility permitted by the Mississippi Board of Pharmacy in which controlled substances are administered to patients, may make on-premises destruction of controlled substances provided:

- a. The controlled substance is the remainder of a prepackaged single dosage unit or unit of use.
- b. At least part of the unit dose or unit of use was administered.
- c. The destruction is recorded showing:
 - i. The name of the drug;
 - ii. The amount of the drug which was administered and the amount of the drug which was destroyed;
 - iii. The time and the date of destruction;
 - iv. The name of the patient;
 - v. The name of the person administering the drug;
 - vi. The signature of the person (physician or nurse) making the destruction;
 - vii. The signature of a second person who witnessed the destruction.
- d. The record of the destruction is maintained by the facility.
- e. A single dosage unit or any unit of use of a controlled substance which (1) is broken, (2) becomes contaminated, (3) or for any reason cannot be used, may be destroyed on premise provided the destruction is documented.

3. Except as provided for in this ARTICLE, no controlled substance may be destroyed or disposed of by a permittee without written permission of the Regional Director of the Federal Drug Enforcement Administration.

Section 8: Automated Dispensaries

1. Any physician utilizing an automated dispensary will be responsible for developing and implementing written policies and procedures to ensure safety, accuracy, accountability, security, patient confidentiality and maintenance of the quality, potency and purity of the medications dispensed by the automated dispensary.
2. Any physician utilizing an automated dispensary will be responsible for the proper maintenance and inventory/accountability requirements as if the physician were personally dispensing the medications to the patients from his or her medication stock/inventory in their personal practice.
3. An automated dispensary may only be stocked by the inventory/stock from a single physician and may not dispense controlled substances.
4. The stocking of an automated dispensary shall be performed only by the responsible physician. This task may not be delegated.
5. All medications dispensed from the automated dispensary shall comply with the labeling requirements of Section 4 of this regulation.

6. No medication may be dispensed from an automated dispensary unless the patient has first had an initial or follow-up visit with the physician. Any refills dispensed from an automated dispensary must be accompanied by its own preceding physician visit.
7. Any automated dispensing system shall maintain an electronic record of all information related to each and every medication dispensed including, but not limited to, all label information and date and time of dispensing.

Section 9: Dispensing Compounded Products

- A. Prior to engaging in compounding pharmaceuticals for dispensing, a physician dispensing facility shall obtain a compounding certificate from the Mississippi Board of Pharmacy.
 - i. To obtain a compounding certificate, an applicant must complete a compounding certificate application. A compounding certificate is required for each physician dispenser. The physician dispenser shall not delegate any part of the compounding process to another person.
 - ii. A compounding certificate will expire when the physician dispensing permit expires and can be renewed at the time the physician dispensing permit is renewed.
 - iii. Compounding for dispensing, without obtaining the compounding certificate, shall be grounds for disciplinary action.
 - iv. Every physician dispenser that engages in compounding for dispensing shall keep records of all compounded products that are dispensed to patients. Such records shall be readily available for authorized inspection for 6 years from the date of dispensing.
 - v. Any dispensing physician with an active compounding certificate for dispensing is subject to a compounding inspection by the Board.
- B. Every dispensing physician that is engaged in compounding pharmaceuticals for dispensing shall comply with USP 795, USP 797, and USP 800 when compounding in the scope of those chapters.
- C. For the purposes of this Section, flavoring is not considered compounding. In addition, the combining of commercially manufactured, ready-to-use products shall be exempt from USP 795 compounding standards under the following conditions:
 - a. No more than four (4) commercially manufactured ready-to-use products (that have not been manipulated) are used;
 - b. Compounding is not done in anticipation of orders;
 - c. Must follow USP 795 beyond use dates (BUDs);
 - d. The prescription label complies with all related USP chapter requirements as well as the labeling requirements set forth in this regulation.
- D. A physician dispenser may compound for dispensing to an individual patient, medications that are not commercially available in the marketplace in compliance with Compounding Using

Bulk Drug Substances Under Section 503A of the Federal Food, Drug, and Cosmetic Act. This includes compounding a copy of a commercial product when that commercial product is not available as evidenced by either of the following:

- a. Products that appear as unresolved status on the FDA drug shortage list in effect under section 506E of the FD&C Act; or
 - b. Products discontinued and no longer marketed by the manufacturer.
- E. A physician dispenser shall not compound for dispensing products that appear on the FDA List of Drugs withdrawn or removed from the market for safety reasons or on the FDA List of Drug products that present demonstrable difficulties in compounding.
- F. A physician dispenser shall not offer compounded human drug products to other practitioners or to pharmacies for resale or dispensing. A physician dispenser may not dispense compounded product from another practitioner or that was compounded by a 503A or 503B pharmacy.
- G. Nothing in this section prohibits a physician from compounding for immediate administration or requires a physician dispenser to obtain a compounding certificate from the MS Board of Pharmacy for compounding for administration.

TITLE 30: PROFESSIONS AND OCCUPATIONS

PART 3001: MISSISSIPPI PHARMACY PRACTICE REGULATIONS

ARTICLE L AMBULATORY SURGERY CENTERS AND MULTI-PROVIDER CLINICS

1. For purposes of this Article, an ambulatory surgery center (ASC) or multi-provider clinic (MPC) shall mean a facility where medical procedures or services are performed or provided by multiple practitioners for outpatients. Examples would include but would not be limited to an ambulatory surgery center, a medical doctor's office/clinic, or a dental office. An ASC/MPC advisory pharmacist refers to any Mississippi licensed pharmacist who reviews processes and ensures appropriate reconciliation of controlled substances at least monthly on site in an ASC or MPC. The ASC/MPC is responsible for complying with all applicable regulations of the Mississippi Board of Pharmacy as well as other state and federal regulatory agency requirements.
2. Every ASC/MPC shall obtain an ASC/MPC permit from the Mississippi Board of Pharmacy for every location where controlled substances are administered by multiple providers/practitioners under one DEA number. This permit along with a DEA registration allows the ASC/MPC to order controlled substances for the facility to be used by multiple providers/practitioners under one clinic DEA number. Such a permit shall be obtained by applying for a permit on a form supplied by the Mississippi Board of Pharmacy and accompanied by a fee. This requirement does not apply to ASC's or clinics with only a single provider where the provider's registration is based at that location. All ASC/MPC permits will expire on December 31 of each year and shall be renewed annually by submitting a renewal application and renewal fee. Any renewal application received after December 31st of the renewal period will be assessed a \$50.00 late fee prior to renewal. ASC/MPC permits are not transferable or assignable. There are two subcategories for ASC/MPC permits: outpatient surgery center/clinic pharmacy and outpatient surgery center/clinic.
 - A. Ambulatory Surgery Center/Multi-Provider Clinic Pharmacy Services (fee \$300)
 - (1) This permit should be used when a pharmacist is integrated into the daily workflows of the facility including ordering and stocking of medications and clinical support but is not an actual dispensing pharmacy. Additionally, a controlled substance permit is required.
 - (2) See Institutional Pharmacy Regulations
 - B. Ambulatory Surgery Center/Multi-Provider Clinic (fee \$100)
 - (1) Requires there to be at least a monthly arrangement with a pharmacist onsite to review processes and ensure appropriate reconciliation of controlled substances. The pharmacist reviews appropriate records for ordering, storage, and other record keeping requirements and documentation of administration, wastage, and disposal of medications in accordance with documented policies and procedures of the ASC/MPC.
 - (2) This permit will serve as the controlled substance permit required by statute.
3. Advisory Pharmacist Requirement.
 - A. A permit for an ASC/MPC shall not be issued or renewed unless the advisory pharmacist is licensed in this state.

- B. If the license of the advisory pharmacist becomes void or inactive due to surrender, revocation, suspension, restriction or for any other reason, or if the license of the advisory pharmacist is removed from the permit of the ASC/MPC for any reason, application must be made for a new permit with another advisory pharmacist within fifteen (15) days.
 - C. Failure to submit an application with the new advisory pharmacist within fifteen (15) days shall render the permit inactive and the ASC/MPC shall not conduct any activities using the controlled substances that were obtained pursuant to the permit and the corresponding DEA registration until a new permit is issued to the ASC/MPC with a new advisory pharmacist on the permit.
 - D. The failure to obtain a new advisory pharmacist within the required fifteen (15) day time period shall be reported to DEA by the Mississippi Board of Pharmacy.
4. Record Keeping
- A. Every ASC/MPC permit issued by the Board of Pharmacy shall keep complete and accurate records of acquisition and disposition of all controlled substances. These records shall include:
 - (1) Complete and accurate records of receipt of all controlled substances
 - (2) Complete and accurate records of disposition of all controlled substances
 - B. Records of acquisition and disposition must be maintained for a period of at least 2 years. These records shall be kept in such a manner that an audit will show the beginning inventory and record of acquisition of controlled substances to balance with controlled substances on hand and record of disposition of controlled substances.
 - C. Unless authorized by the Federal Drug Enforcement Administration to maintain records of controlled substances at a location other than the location permitted by the Mississippi Board of Pharmacy, these records shall be maintained at the permitted location. All records pertaining to controlled substances shall be made available for inspection and copying by agents of the Mississippi Board of Pharmacy.
 - D. The ASC/MPC advisory pharmacist shall provide a monthly report outlining any findings from their review. This document shall be signed by the medical director or designee and dated. The facility must maintain these reports for a period of two (2) years, and a copy must be available for inspection upon request.
5. Storage
- A. All drug products shall be maintained and stored in such a manner that maintains the integrity of the product.
 - B. All containers from which drugs are administered must be properly labeled.
 - C. Outdated drugs shall be removed from general stock and returned to a reverse distributor licensed with the Mississippi Board of Pharmacy or destroyed onsite following DEA rules for onsite destruction and use of DEA Form 41.
6. Security
- A. In all places where controlled substances are maintained, they shall be maintained in a manner to deter loss by theft or burglary. A securely locked, substantially constructed area shall be provided for storage of all controlled substances. Controlled substances for return to a MS licensed reverse distributor or for onsite destruction as described above shall be maintained in the drug storage area of the clinic and segregated from general stock until

proper disposition of such controlled substances is made. Controlled substances, thus maintained in the drug storage area, shall be kept in a locked cabinet, drawer, or other suitable locked container and only authorized personnel shall have access to the drug storage area.

7. Inventory

- A. A perpetual inventory shall be maintained on all Controlled Substances, Schedule II-V.
- B. The medical director shall develop inventory listings of drugs to be included in specified areas and assure that:
 - a. Such drugs are available therein, properly stored and labeled
 - b. Only pre-packaged drugs are available therein, in amounts sufficient for immediate therapeutic requirements
 - c. Each drug stored in these areas shall be assigned a "par value" and each addition or withdrawal by authorized persons shall be properly documented.
- C. If a facility has a loss of controlled substances, a complete inventory of all remaining controlled substances shall be made within forty-eight (48) hours of discovery of the loss of controlled substances. This inventory shall be dated and signed by the ASC/MPC staff conducting the inventory.
- D. The advisory pharmacist shall be notified within twenty-four (24) hours of discovery of any discrepancy in counts or the loss of any controlled substances. The advisory pharmacist shall notify the Board immediately upon his/her notification with a plan to investigate the loss. A written report shall be submitted to the Mississippi Board of Pharmacy within fifteen (15) days; this written report shall include a copy of the inventory required by this ARTICLE.
- E. When a facility has a change in ownership or a change in the advisory pharmacist listed on their permit (pharmacist-in-charge), or is permanently closed, a complete inventory shall be made of all controlled substances at the time of the change. A copy of this inventory shall be kept with other records of controlled substances in the facility and a copy shall be sent to the office of the Board of Pharmacy. When a facility is permanently closed, the advisory pharmacist (pharmacist-in-charge) shall notify the Board in writing within fourteen (14) days by what means and as to whom controlled substances were transferred or disposed of.
- F. Every facility permitted by the Mississippi Board of Pharmacy shall take an annual inventory of all controlled substances on hand on or about May 1 but no later than May 15. A facility may conduct the controlled substance inventory at another date as long as the annual inventory is conducted during the same period each year. This inventory shall be maintained with the other controlled substance records of the facility.

TITLE 30: PROFESSIONS AND OCCUPATIONS
PART 3001: MISSISSIPPI PHARMACY PRACTICE REGULATIONS

ARTICLE LI ADVISORY PHARMACISTS TO AMBULATORY SURGERY CENTERS AND MULTI-PROVIDER CLINICS

1. For purposes of this article, an advisory pharmacist for an ambulatory surgery center (ASC) or multi-provider clinic (MPC) shall mean any Mississippi licensed pharmacist who is listed on an ASC/MPC permit (pharmacist-in-charge). The advisory pharmacist is on site at least monthly to conduct a review of medication related processes and to ensure appropriate reconciliation of controlled substances. The advisory pharmacist for an ASC/MPC would not need a nursing home consultant certificate. The advisory pharmacist is responsible for providing recommendations only to the ASC/MPC.

2. Responsibilities of the ASC/MPC Advisory Pharmacist

A. The ASC/MPC Advisory Pharmacist shall be responsible for advising the ASC/MPC on all matters related to safe and efficient administration, control, and accountability for drugs and proper licensing. The responsibilities of the advisory pharmacist shall include developing policies and procedures and implementation for the following:

- (1) All medications shall be purchased from facilities registered with the Mississippi Board of Pharmacy
- (2) Preparation of sterile medications prepared within the ASC/MPC
- (3) Admixture of parenteral products
- (4) Compounding of drugs, solutions, ointments, lotions, etc.
- (5) To assure that no legend medication shall be stored in patient care areas except upon the approval of the advisory pharmacist
- (6) Establishment of specifications for procurement of all materials, including drugs, chemicals and biologicals, subject to approval of the appropriate committee of the ASC/MPC and compliance with DSCSA requirements
- (7) Participation in the development of a formulary for the ASC/MPC where applicable
- (8) Proper filling and labeling of all containers from which drugs are to be administered
- (9) Maintenance of records of all transactions of the ASC/MPC as may be required by applicable law, state and federal, and as may be necessary to maintain accurate control and accountability for all pharmaceutical materials
- (10) Assure that all drugs shall be stored in areas within the ASC/MPC and satellite storage areas to provide proper sanitation, temperature, light, ventilation, moisture control, segregation and security; that disinfectants and drugs for external use are stored separately and apart from drugs for internal use or ingestion; that outdated or other unusable drugs are identified and stored in a manner that will prevent their administration prior to disposition; that emergency drugs are in adequate and proper supply at designated locations
- (11) Assure that all areas occupied by the ASC/MPC shall be capable of being locked to prevent unauthorized access, and that all areas where drugs are stored or administered shall be locked

- (12) Ensure that discontinued and outdated drugs are returned to a MS Board of Pharmacy registered reverse distributor or destroyed onsite following DEA rules for onsite destruction and use of DEA Form 41.
- (13) Drugs shall be administered only upon receipt of a written or oral order. There shall be no "take home" medications dispensed under this permit. Samples are exempt from this Article.
- (14) All requirements of the Controlled Substances Act of 1970 and the requirements set forth in the regulations of the Mississippi Board of Pharmacy in the purchasing, storing, administration, record keeping, and disposal of controlled substances are met. There shall be policies and procedures to ensure the control of these drugs at all times, including those instances when drugs are stored in the surgery departments, nursing stations, clinics, diagnostic laboratories, etc. Periodic (at least monthly) inspections by the advisory pharmacist of the proper storage of these drugs is required and deficiencies must be corrected.
- (15) At least monthly audits of records of acquisition and disposition. Monthly audits of controlled substance inventory.
- (16) Assisting the medical director as applicable in developing inventory listings of drugs to be included in these areas and assure that:
 - (a) Such drugs are available therein, properly stored and labeled
 - (b) Only pre-packaged drugs are available therein, in amounts sufficient for immediate therapeutic requirements
 - (c) Each drug stored in these areas shall be assigned a "par value" and each addition or withdrawal by authorized persons shall be properly documented. The advisory pharmacist shall audit these areas on a regular basis but no less than once per month.
- (17) The advisory pharmacist shall provide a monthly report to the ASC/MPC outlining any findings from their review. This document shall be signed by the medical director or designee and dated.
- (18) An advisory pharmacist for an ASC/MPC shall report to the appropriate regulatory or licensing agency any serious deficiency or violation noted on his/her advisory report if such deficiency is not corrected or addressed by the permit holder by the date of the next monthly visit by the advisory pharmacist at the permit site.

RECEIVED

JUN 20 2024

MISSISSIPPI BOARD OF PHARMACY

Came on July 11, 2024, the matter of Corey A. Sorrel, Pharmacist License, Certificate of Registration Number T-101383, herein referred to as Respondent, pursuant to a "Notice of Hearing and Complaint" filed by the Mississippi Board of Pharmacy.

BEFORE THE MISSISSIPPI BOARD OF PHARMACY

IN THE MATTER OF:

COREY A. SORREL
2223 QUAIL RUN DRIVE
BUILDING F
BATON ROUGE, LA 70808

LICENSE TO PRACTICE PHARMACY, NUMBER T-101383

JURISDICTION

The Mississippi Board of Pharmacy has jurisdiction of the subject matter and person of Corey A. Sorrel, Pharmacist License, Certificate of Registration Number T-101383, pursuant to Section 73-21-97 (1)(f), Mississippi Code of 1972, Annotated.

STATEMENT OF CHARGES

Corey A. Sorrel, Pharmacist License, Certificate of Registration Number T-101383, is alleged to have committed the following violation:

Mississippi Board of Pharmacy Administrative Rules, Rule 2.1 D:

Fraud or intentional misrepresentation by a licensee, registrant or permit holder in securing the issuance or renewal of a license, registration or permit.

Specifically, on November 9, 2023, Corey A. Sorrel, Pharmacist License, Certificate of Registration Number T-101383, submitted a pharmacy renewal application for Pioneer Pharmacy, Permit # 07428/7.1, which listed Thomas Bush as the pharmacist-in-charge (PIC). On December 13, 2023, the Mississippi Board of Pharmacy Licensure staff informed Mr. Sorrel that Mr. Bush would have to submit a PIC attestation before the application could be approved. Mr. Sorrel responded that Mr. Bush had passed away and Pioneer Pharmacy would have to submit a PIC change application. Mr. Sorrel was asked about when Mr. Bush passed away and he stated it was November 18th, 2023. During a board hearing concerning the renewal of Pioneer Pharmacy's permit, Corey A. Sorrel, Pharmacist License, Certificate of Registration Number T-101383, testified under oath that Mr. Bush had passed away in November 2023. Evidence was presented to the board that Mr. Bush actually died February 5, 2023.

SETTLEMENT AGREEMENT

Pursuant to discussions between Board Counsel and Counsel for the Respondent, an Agreement to Settle this matter is found to be in the best interest of all parties involved. It is hereby Agreed as follows:

FINDINGS OF FACT

The Mississippi Board of Pharmacy, after being presented clear and convincing evidence, makes the following findings of fact:

- (1) The Respondent was properly notified of the charges by a duly processed "Notice of Hearing and Complaint" along with a sworn affidavit detailing those charges as provided for in Section

73-21-99, Mississippi Code of 1972, Annotated, and the Respondent has been afforded all due process required by law.

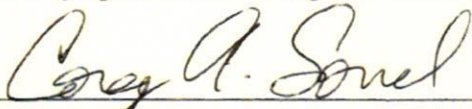

- (2) The Respondent was issued a license to practice pharmacy by the Board, Certificate of Registration Number T-101383, and as such was subject to jurisdiction of the Board pursuant to Section 73-21-97 (l)(f), Mississippi Code of 1972, Annotated.
- (3) The Respondent does not contest the violation as charged.
- (4) The Respondent agrees to the disciplinary action stated below as imposed by the Board.

FINAL ORDER OF THE BOARD

This ORDER OF THE BOARD is effective immediately. A certified copy of this ORDER shall be served on the Respondent and a copy maintained on file in the office of the Board.

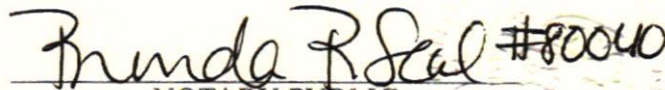

- Pursuant to Mississippi Code Annotated Section 73-21-103(l)(f), Pharmacist License, Certificate of Registration Number T-101383 shall be placed on probation for one (1) year from the date of this Order.
- Pursuant to Mississippi Code Annotated Section 73-21-103 (l)(d), Respondent shall pay a monetary penalty in the amount of Five Thousand Dollars (\$5,000.00).

Came on July 11, 2024, the matter of EmpiRx Health, herein referred to as Respondent, pursuant to a "Notice of Hearing and Complaint" filed by the Mississippi Board of Pharmacy.

MISSISSIPPI BOARD OF PHARMACY

IN THE MATTER OF:

EMPIRX HEALTH
155 CHESTNUT RIDGE ROAD
MONTVALE, NJ 07645

LICENSE TO OPERATE A PHARMACY BENEFIT MANAGER

JURISDICTION

The Mississippi Board of Pharmacy has jurisdiction of the subject matter and person of EmpiRx Health, ("Respondent"), pursuant to Section 73-21-83, Mississippi Code of 1972, Annotated.

STATEMENT OF CHARGES

EmpiRx Health is alleged to have committed the following violations:

Violation of Mississippi Code Annotated Section 73-21-157 (1):

- (1) Before beginning to do business as a pharmacy benefit manager, a pharmacy benefit manager shall obtain a license to do business from the board.

Specifically, prior to obtaining a license to perform pharmacy benefit manager services, EmpiRx Health provided pharmacy benefit manager services for prescription drug claims filed by pharmacies in Mississippi, by administering the prescription drug/device portion of pharmacy benefit management plans or health insurance plans on behalf of plan sponsors, insurance companies, unions and health maintenance organizations, to include, but not limited to, a self-funded plan administered by UMR, a United Healthcare Company, on behalf of Canal Barge Company, Inc., with an Issuer number of (80940) 911-39026-02, a Group Number of 76-510018, Rx BIN: 017688, Rx PCN: 9743 and Rx GRP: 19042. Pursuant to Mississippi Code Annotated Section 73-21-163, EmpiRx Health is subject to a monetary penalty being imposed for violations of Mississippi Code Annotated Section 73-21-157.

Violation of Mississippi Code Annotated Section 73-21-156 (4):

- (4) A pharmacy benefit manager shall:
 - (a) Provide a reasonable administrative appeal procedure to allow pharmacies to challenge a maximum allowable cost list and reimbursements made under a maximum allowable cost list for a specific drug or drugs as:
 - (i) Not meeting the requirements of this section; or
 - (ii) Being below the pharmacy acquisition cost.
 - (b) The reasonable administrative appeal procedure shall include the following:
 - (i) A dedicated telephone number, email address and website for the purpose of submitting administrative appeals;

- (ii) The ability to submit an administrative appeal directly to the pharmacy benefit manager regarding the pharmacy benefit management plan or through a pharmacy service administrative organization; and
- (iii) A period of less than thirty (30) business days to file an administrative appeal.
- (c) The pharmacy benefit manager shall respond to the challenge under paragraph (a) of this subsection (4) within thirty (30) business days after receipt of the challenge.
- (d) If a challenge is made under paragraph (a) of this subsection (4), the pharmacy benefit manager shall within thirty (30) business days after receipt of the challenge either:
 - (i) If the appeal is upheld:
 - 1. Make the change in the maximum allowable cost list payment to at least the pharmacy acquisition cost;
 - 2. Permit the challenging pharmacy or pharmacist to reverse and rebill the claim in question;
 - 3. Provide the National Drug Code that the increase or change is based on to the pharmacy or pharmacist; and
 - 4. Make the change under item 1 of this subparagraph (i) effective for each similarly situated pharmacy as defined by the payor subject to the maximum allowable cost list; or
 - (ii) If the appeal is denied, provide the challenging pharmacy or pharmacist the National Drug Code and the name of the national or regional pharmaceutical wholesalers operating in Mississippi that have the drug currently in stock at a price below the maximum allowable cost as listed on the maximum allowable cost list; or
 - (iii) If the National Drug Code provided by the pharmacy benefit manager is not available below the pharmacy acquisition cost from the pharmaceutical wholesaler from whom the pharmacy or pharmacist purchases the majority of prescription drugs for resale, then the pharmacy benefit manager shall adjust the maximum allowable cost as listed on the maximum allowable cost list above the challenging pharmacy's pharmacy acquisition cost and permit the pharmacy to reverse and rebill each claim affected by the inability to procure the drug at a cost that is equal to or less than the previously challenged maximum allowable cost.

Specifically, EmpiRx Health, and/or its contractors, failed to follow the administrative appeal procedure as required by law for prescription drug claims filed by Mississippi pharmacies, to include but not limited to, an administrative appeal by Read Discount Drugs, 1592 Highway 15 N, Ste D, Laurel, MS 39441, for prescription drug claims for:

- 1. Rx number: 1362645, Vyvanse 40 mg capsules, NDC number: 59417-0104-10
- 2. Rx number: 1361398, Mounjaro 7.5 mg/0.5 ml Pen. NDC number: 00002-1484-80

SETTLEMENT AGREEMENT

Pursuant to discussions between Board Counsel and the Respondent, being represented by counsel, an Agreement to settle this matter is found to be in the best interest of all parties involved. It is hereby Agreed as follows:

FINDINGS OF FACT

The Mississippi Board of Pharmacy, after being presented clear and convincing evidence, makes the following findings of fact:

- (1) The Respondent was properly notified of the charges by a duly processed "Notice of Hearing and Complaint" along with a sworn affidavit detailing those charges as provided for in Section 73-21-99, Mississippi Code of 1972, Annotated, and the Respondent has been afforded all due process required by law.
- (2) The Respondent was subject to the jurisdiction of the Board pursuant to Section 73-21-83, Mississippi Code of 1972, Annotated.
- (3) The Respondent applied and obtained its PBM license on April 3, 2024. Permit Number 140238.
- (4) The Respondent neither admits nor contests the violation as charged.
- (5) The Respondent and Board Agree to the terms of this settlement as stated below.
- (6) The parties understand that the purpose of this Settlement Order is to settle this matter. The parties agree that neither this Settlement Order nor the payment of the monetary penalty by the Respondent shall be construed as an admission by the Respondent of any wrongdoing or violation of state statute or regulation.

FINAL ORDER OF THE BOARD

This ORDER OF THE BOARD is effective immediately. A certified copy of this ORDER shall be served on the Respondent and a copy maintained in the office of the Board.

- The Respondent shall pay a monetary penalty in the amount of Fifteen Thousand Dollars (\$15,000.00) plus costs of investigation in the amount of Five Hundred Dollars (\$500.00), for a total monetary penalty of Fifteen Thousand Five Hundred Dollars (\$15,500.00), as a settlement of all claims that were or could have been alleged by the Board in this matter.
- The monetary settlement is due and payable by the Respondent within thirty (30) days of receipt of this Order. The monetary penalty shall be paid electronically through the Board of Pharmacy licensing system or by certified check, attorney's check or money order issued by a usual, customary, and reputable issuer (U.S. Postal Money Order, Western Union Money Order, etc.).

I hereby agree to the findings and terms of this Agreed Settlement Order:

SETTLEMENT AGREEMENT

Pursuant to discussions between Board Counsel and the Respondent, being represented by counsel, an Agreement to settle this matter is found to be in the best interest of all parties involved. This settlement embodies a compromise and settlement of disputed allegations. For the purpose of avoiding expense associated with continuing administrative proceedings and/or litigation, it is hereby Agreed as follows:

FINDINGS OF FACT

The Mississippi Board of Pharmacy, after being presented clear and convincing evidence, makes the following findings of fact:

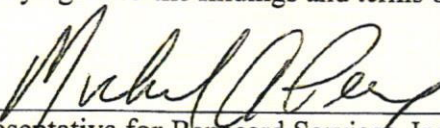

- (1) The Respondent was properly notified of the charges by a duly processed "Notice of Hearing and Complaint" along with a sworn affidavit detailing those charges as provided for in Section 73-21-99, Mississippi Code of 1972, Annotated, and the Respondent has been afforded all due process required by law.
- (2) The Respondent was subject to the jurisdiction of the Board pursuant to Section 73-21-83, Mississippi Code of 1972, Annotated.
- (3) The Respondent neither admits nor denies the violation as charged.
- (4) The Respondent and Board Agree to the terms of this settlement as stated below.

FINAL ORDER OF THE BOARD

This ORDER OF THE BOARD is effective immediately. A certified copy of this ORDER shall be served on the Respondent and a copy maintained in the office of the Board.

- (1) The Respondent shall pay a monetary penalty in the amount of Twenty-Five Thousand Dollars (\$25,000.00) plus costs of investigation in the amount of One Thousand Dollars (\$1,000.00), for a total monetary penalty of Twenty-Six Thousand Dollars (\$26,000.00), as a settlement of all claims that were or could have been alleged by the Board in this matter.
- (2) The monetary settlement is due and payable by the Respondent within thirty (30) days of receipt of this Order. The monetary penalty shall be paid electronically through the Board of Pharmacy licensing system or by certified check, attorney's check or money order issued by a usual, customary, and reputable issuer (U.S. Postal Money Order, Western Union Money Order, etc.).
- (3) The Respondent shall review all denied appeals filed by Mississippi pharmacies from January 01, 2023, through the date of this Order and take corrective actions, for appeals filed on claims that were paid below the acquisition cost. Pharmacies should receive any reimbursements through a manual adjustment process. The Respondent shall submit to the Board a report of this review that shall include a list of all claim appeals reviewed by the Respondent. The report shall include information that is presented in a sortable excel format and include the following fields: name of the pharmacy, address of the pharmacy, NPI of the pharmacy that filed the claim and the appeal, the prescription number, the drug name and NDC number, the BIN, the PCN, Group (if applicable), the date of the claim, the date of the claim appeal, the date the claim appeal was denied, any additional reimbursements made pursuant to the review, and if any of the claim appeals were handled by a contracted entity, the name and address of that entity for each appeal.
- (4) The Respondent shall allow any Mississippi pharmacy to file an administrative claim appeal pursuant to Mississippi Code Annotated Section 73-21-156 (4) for any claim that has not already been appealed, which has been adjudicated by, or on behalf of, Respondent for the period of August 15, 2023, to the date of this Order. Pharmacies shall have one hundred twenty (120) days from the date of this Order to file such appeals.
- (5) The Respondent shall file quarterly reports with the Board that include information regarding claim appeals filed by or on behalf of Mississippi pharmacies. These quarterly reports shall be filed with the Board by the last working day of the month subsequent to the close of the quarter for one (1) year following the date of this Order and shall include all claim appeals handled by the Respondent or on behalf of the Respondent for the prior quarter. The information should be presented in a sortable excel format and include the following fields: name of the pharmacy, address of the pharmacy, NPI of the pharmacy that filed the claim and the appeal, the prescription number, the drug name and NDC number, the BIN, the PCN, Group (if applicable), the date of the claim, the date of the claim appeal, the date the claim appeal was denied or approved, the result of the appeal, and if the appeal was denied, the reason for denying the claim, and if any of the claim appeals were handled by a contracted entity, the name and address of that entity for each appeal.
- (6) If the Respondent contracts with another entity to handle claim appeals and a pharmacy files a claim appeal with the Respondent, the Respondent will forward the claim appeal to the contracting entity.

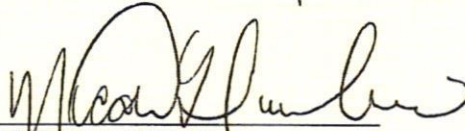

I hereby agree to the findings and terms of this Agreed Settlement Order:
