**Memorandum of Understanding
Between the Mississippi State Department of Health
and the Mississippi Board of Pharmacy**

The Mississippi State Department of Health and the Mississippi Board of Pharmacy enter into this Memorandum of Understanding (hereinafter “MOU”) effective March 27, 2025 (“Effective Date”). The Mississippi State Department of Health and the Mississippi Board of Pharmacy shall be referred to individually as a “Party,” or collectively as the “Parties.”

This MOU establishes a formal data access and data use relationship between the Mississippi Board of Pharmacy (hereinafter “Board”) and the Mississippi State Department of Health (hereinafter “MSDH”). This MOU covers Prescription Monitoring Program data received by the Mississippi Board of Pharmacy, herein referred to as “COVERED DATA”.

The Parties shall abide by all applicable Federal and State laws, rules, and regulations including, without limitation, all patient confidentiality and medical record requirements and any applicable Institutional Review Board (“IRB”) requirements.

MISSISSIPPI BOARD OF PHARMACY SUBMISSION OF COVERED DATA

Pursuant to its authority under Mississippi Code Annotated Section 73-21-127, the Board agrees to submit COVERED DATA, in a manner as determined by the Board, from the Prescription Monitoring Program contractor, Appriss, to MSDH or MSDH’s (sub)contractor. The MSDH’s (sub)contractor will act on MSDH’s behalf for purposes of receipt of the data. Individual, institutional, and provider specific data elements will be encrypted prior to receipt by the MSDH. If required under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the MSDH shall enter into a Business Associate Agreement with its (sub)contractor(s) to ensure the data received from the Board is used only for the purposes outlined in this MOU. A copy of these Business Associate Agreements will be provided by the MSDH to the Board.

MISSISSIPPI STATE DEPARTMENT OF HEALTH’S USES OF COVERED DATA

The MSDH agrees to use the COVERED DATA for surveillance and/or prevention purposes only (e.g., evaluating the impact of drug abuse in Mississippi and identifying demographics, comorbidity, and other risk-factor profiles). The MSDH specifically agrees not to use the COVERED DATA obtained under this data use agreement for purpose of public reporting of individual-, institutional- or provider-specific data for any regulatory or punitive actions against individuals, healthcare institutions or providers, such as a fine, licensure or criminal action.

The MSDH agrees that access to COVERED DATA provided under the terms of the MOU will be limited solely to MSDH staff, contracted employees, and/or subcontractors who are explicitly authorized to use the data for surveillance and/or prevention purposes only. Any use of COVERED DATA in articles, PowerPoint presentations, reports or other presentations shall not be made available to the public unless it has been submitted to the Board for review and approved by the Board and/or the Executive Director in writing authorizing its release. Additionally, zip code

identifiers shall not be included in articles, PowerPoint presentations, reports or other presentations unless it is released pursuant to 45 CFR 164.514(b)(2)(i).

Any cost or expense resulting from the request of the MSDH to a third party for COVERED DATA to be compiled or analyzed in a particular format to assist in its research and analysis for surveillance and/or prevention purposes is the responsibility of and shall be paid by MSDH, and shall not be the obligation of nor paid by the Board.

DATA PROTECTIONS

Mississippi Code Annotated, Section 41-3-15 (4)(d) provides the legal authority for the MSDH to “obtain, collect and preserve such information relative to mortality, morbidity, disease and health as may be useful in the discharge of its duties or may contribute to the prevention of disease or the promotion of health in this state.”

Mississippi Code Annotated Section 73-21-127(1)(e)(iii) authorizes the Board to provide statistical data for research or educational purposes if the Board determines the use of the data to be of significant benefit to public health and safety. The Board has the right to refuse any request for PMP data.

The MSDH acknowledges that it will be the custodian of COVERED DATA stored in its data files and, as such, will be responsible for establishing and maintaining appropriate administrative, technical, and physical safeguards to prevent unauthorized access to or use of these files, including but not limited to, security awareness training and signed rules of behavior for all persons who have access to COVERED DATA, strong passwords and auditing for all access to COVERED DATA, approved encryption of COVERED DATA stored digitally.

The MSDH specifically agrees that pursuant to Section 73-21-127(1)(e)(i), COVERED DATA is confidential and shall not be released to any other third-party making a request for COVERED DATA. MSDH will not release COVERED DATA to anyone other than MSDH employees, contracted employees, and/or subcontractors who are explicitly authorized to use COVERED DATA for surveillance and/or prevention purposes only, unless specifically authorized in writing by the Board and/or the Executive Director, which shall not be unreasonably denied.

The MSDH agrees to immediately notify the Board in the event that the MSDH is requested to release COVERED DATA for a purpose other than surveillance and/or prevention in order to afford the Board an opportunity to file a petition seeking a protective order in chancery court prohibiting the release of COVERED DATA.

Disclosure of any confidential information by the MSDH, its employees, contract employees or its subcontractor(s) without the express written approval of the Board and/or the Executive Director shall result in the immediate termination of this agreement.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996

All activities under the MOU shall be performed in accordance with all applicable Business Associate Agreements(s), Nondisclosure Agreement(s), and/or Data Use Agreement(s) entered into between the parties and any (sub)contractors and all applicable federal and/or State of Mississippi laws, rules, and/or regulations including the Health Insurance Portability and Accountability Act (HIPAA) of 1996 and the Health Information Technology for Economic and Clinical Health Act (HITECH Act), involving electronic data interchange, code sets, identifiers, and the security and privacy of protected health information, as may be applicable to the services under this MOU. Each party to this MOU shall treat all data and information to which it has access under this MOU as confidential information to the extent that confidential treatment of same is required under federal and State of Mississippi law and the Business Associate Agreement(s) entered into as a result of this MOU and shall not disclose same to a third party without specific written consent of the other party. The provision herein shall survive the termination of the MOU for any reason and shall continue in full force and effect and shall be binding upon both parties and their agents, employees, successors, subcontractors, or any party claiming an interest in the MOU on behalf of, or under, the rights of the parties following termination.

SUBCONTRACTING

The MSDH shall not assign, subcontract, or otherwise transfer this agreement, in whole or in part, without the prior written consent of the Board and/or the Executive Director. Any attempted transfer or subcontract of the MSDH obligations without such consent shall be null and void. Subcontracts shall be subject to the terms and conditions of this agreement and to any conditions of approval that the Board and/or the Executive Director may deem necessary. Subject to the foregoing, this agreement shall be binding upon any subcontractor approved by the parties. A copy of any contract between the MSDH and a contract employee or subcontractor related to this MOU shall be provided to the Board and included as an Exhibit of this MOU. The MSDH will notify the Board in writing of the termination of a contract with a contract employee or subcontractor that was entered to perform work related to this MOU.

APPLICABLE LAW

This MOU shall be governed by and construed in accordance with the laws of the State of Mississippi, excluding its conflicts of law provisions, and any litigation with respect thereto shall be brought in a court of competent jurisdiction, Hinds County, State of Mississippi. Each party shall comply with applicable federal, state, and local laws and regulations.

LIABILITY

Liabilities of entities of the State of Mississippi are determined and controlled in accordance with Mississippi Code Annotated § 11-46-1 *et seq.*, including all defenses and exceptions contained therein. Nothing in this Agreement shall have the effect of changing or altering the liability or of eliminating any defense available to the State under statute.

TERM AND TERMINATION OF AGREEMENT

This MOU shall be effective for a period of two (2) years beginning on the MOU effective date. In the event of knowledge of a pattern or practice that constitutes a breach of this MOU by MSDH, the Board may immediately and unilaterally terminate this MOU. In the absence of a conflict with state or federal law the MSDH shall delete or otherwise destroy COVERED DATA stored in its files within five (5) years of the conclusion of this MOU. Such destruction shall be confirmed in writing to the Board by the MSDH. The Board will retain all COVERED DATA in its files as required by state law.

Now, therefore, by signing below, the Parties agree that they have read, understand, and agree to the conditions set forth above:

Every pharmacy permitted by the Mississippi Board of Pharmacy engaged in the compounding of pharmaceuticals that is not a licensed 503B pharmacy following good manufacturing practices (GMP) shall comply with USP 795, USP 797, and USP 800 when compounding in the scope of those chapters. The designated facility USP representative must be a pharmacist licensed in the State of Mississippi.

USP 795 provides in relevant part:

Section 2.0. Personnel Training and Evaluation

Personnel who compound or have direct oversight of compounding personnel must complete training initially and at least every 12 months in appropriate compounding principles and practices. Upon completion of the training program, the designated person(s) and/or trainer must document that the personnel has been trained and successfully completed competency assessments.

The compounding space must be well-lighted and must be maintained in a clean, orderly, and sanitary condition, and in a good state of repair. Carpet is not allowed in the compounding space. Surfaces should be resistant to damage by cleaning and sanitizing agents.

Section 4.2 Storage Area

Compounding personnel must monitor temperatures in storage area(s) either manually at least once daily on days that the facility is open or by a continuous temperature recording device to determine whether the temperature remains within the appropriate range for the CNSPs or components. The results of the temperature readings must be documented on a temperature log or stored in the continuous temperature recording device, and must be retrievable. All temperature monitoring equipment must be calibrated or verified for accuracy as recommended by the manufacturer or every 12 months if not specified by the manufacturer.

Section 4.3 Water Sources

Section 10.4 CNSPs Requiring Shorter BUDs

A shorter BUD must be established under the following circumstances:

- If the API or any other components in the CNSP have an expiration date that is earlier than the BUD that could be assigned from Table 3, the expiration date supersedes the BUD and must be the assigned shortest date*

One or more person(s) must be designated to ensure that SOPs are fully implemented. The designated person(s) must ensure that follow-up occurs if problems, deviations, or errors are identified.

Section 12. Quality Assurance and Quality Control

A facility's quality assurance and quality control programs must be formally established and documented in SOPs that ensure that all aspects of the preparation of CNSPs are conducted in accordance with this chapter and laws and regulations of the applicable regulatory jurisdiction. A designated person must ensure that the facility has formal, written QA and QC programs.

Designated person(s) responsible for the QA program must have the training, experience, responsibility, and authority to perform these duties.

The overall QA and QC program must be reviewed at least once every 12 months by the designated person(s). The results of the review must be documented and appropriate action must be taken if needed.

CONTROLLED SUBSTANCE REGISTRATION NUMBER CS-18627
JURISDICTION

The Mississippi Board of Pharmacy has jurisdiction of the subject matter and person of Dream Weight, Physician Dispensing Facility Permit #00007/18.1, Controlled Substance Registration Number CS-18627, pursuant to Section 41-29-125 and Section 73-21-83, Mississippi Code of 1972, Annotated.

STATEMENT OF CHARGES

The Board issued an Order of Summary Suspension of Controlled Substance Registration of Dream Weight Clinic, Physician Dispensing Facility Permit Number 00007/18.1, Controlled Substance Registration Number CS-18627, pursuant to Section 41-29-131(12), Mississippi Code of 1972, Annotated. Dream Weight Clinic was ordered to appear before the Board to show cause as to why its Controlled Substance Registration Number CS-18627 should not be suspended or revoked pursuant to Section 41-29-129(4), Mississippi Code of 1972, Annotated.

Dream Weight Clinic, Controlled Substance Registration # CS-18627, is alleged to have violated Mississippi Code Annotated, Section 41-29-129 (4), which provides that a registration to dispense a controlled substance may be suspended or revoked by the Board of Pharmacy upon a finding that the registrant:

Has violated or failed to comply with any state law or any duly promulgated regulation of the State board of Pharmacy which reflects adversely on the registrant’s reliability and integrity with respect to controlled substances;

Mississippi Pharmacy Practice Regulation, Article XLVII, Section 6, paragraph 2 provides:

When a facility has a change in ownership, or is permanently closed, a complete inventory shall be made of all controlled substances at the time of the change. A copy of this inventory shall be kept with other records of controlled substances in the facility and a copy shall be sent to the office of the Board of Pharmacy. When a facility is permanently closed, the dispensing physician shall notify the Board in writing within

fifteen (15) days by what means and as to whom controlled substances were transferred or disposed of.

Specifically, on February 26, 2025, an agent of the Board went to Dream Weight Clinic, Physician Dispensing Facility Permit Number 00007, to perform a routine inspection. The office space was abandoned except for some desks and filing cabinets. Other than finding topiramate 25mg #35 in a desk drawer, there were no drugs or records found in the desks or filing cabinets at the clinic during this inspection. The Board was later provided invoices from an agent with the Drug and Enforcement Administration (DEA) that documented orders previously placed with Calvin Scott and Co Inc. on February 28, 2025, with delivery to the address above for Dream Weight Clinic. On March 18, 2025, the agent of the Board accompanied an agent of the DEA in an attempt to conduct an audit. The door of the clinic was locked and the dispensing physician, Dr. Asagwara, failed to answer his phone. The building manager confirmed with the agent of the Board that Dream Weight Clinic was not renewing its lease and had moved out of the state as of February 27, 2025. The dispensing physician, Dr. Asagwara, failed to notify the Board within fifteen (15) days as to whom the controlled substances were transferred or the means of their disposal.
