## Mississippi Board of Pharmacy – FY27 Budget Narrative

### Agency Overview

The MS Board of Pharmacy was created in 1920 to protect and promote the health of Mississippi citizens by regulating and controlling the practice of pharmacy and the distribution of prescription drugs and devices. This authority includes the enforcement of the MS Pharmacy Practice Act, the Pharmacy Benefit Prompt Pay Act, the Pharmacy Audit Integrity Act, and the Prescription Drugs Consumer Affordable Alternative Payment Options Act.

The agency is organized to optimize its mission. The Licensure Division oversees the registration, licensure, and regulation of pharmacists, pharmacy technicians and students, and drug facilities across the nation. This Division permits facilities that manufacture, maintain, distribute, and dispense legend drugs, devices, and controlled substances. The Compliance Division inspects facilities, investigates licensees, and responds to complaints filed. The activities of the Compliance Division often result in Board hearings and, when necessary, disciplinary actions as prescribed by the current Mississippi Pharmacy Practice Regulations. The Prescription Monitoring Program (PMP) maintains a database of dispensed schedule II-V controlled substances, medical marijuana, plus additional drugs specified by the state. The number one objective of this program is to reduce prescription drug abuse by providing a controlled substance dispensing patient profile to practitioners who administer, prescribe, or dispense Controlled Substance Drugs. This system is utilized by pharmacists, dentists, medical doctors, nurse practitioners, and law enforcement officials. The Pharmacy Benefit Management Program (PBM) licenses PBM's and helps ensure appropriate patient access and services are provided as authorized by MS law.

Oversight of the agency is provided by a seven-member board appointed by the Governor. All appointees are pharmacists. There are five districts in the state and each of the districts is represented by a member from that district. There are two members who are appointed to represent the entire state. One of the members at large is a retail pharmacist and the other is an institutional pharmacist.

### Budget Request

#### Salaries

The Board staffing is sufficient, and we are not requesting any changes in the number of positions within the agency. Due to the complexity of the industry, the development of new products, and increases in federal regulations, the agency ensures its staff receives training each year. The FY27 request includes \$81,051 for salary progressions which provides an average of 3 % increase for each employee based on the expertise gained through certain training and related job performance. We are also requesting an additional \$500 in board member per diems based on FY25 expenditures.

#### Contractual

The first increase in the contractual line item to expand the board's initiative to assist recovering pharmacists. A request for proposals process is underway to select an administrator for this program and its expansion. At this time, it is anticipated that when the program is fully implemented, there will be \$300,000 expended for recovering pharmacists. This program is funding through fees collected from pharmacists and technician renewals. Other adjustments have been made within contractual line items

as needed to address this program expansion and to meet the agency's operational obligations. The total contractual increases for agency initiatives is \$118,067.

The final budget increase is being requested at the recommendation of ITS for transitioning the agency data to a public cloud as mandated in HB1491. ITS has estimated that the agency's FY27 costs for this will be \$28,269. This amount has been included within the Board's FY27 budget request.

## **Other Considerations**

During the past three years, the legislature granted the Board escalation authority of \$500,000 for the purpose of PBM audits. The Board utilized this authority in both FY24 and FY25 and is anticipating more audits to be conducted in FY26. The Board is asking for a similar escalation for FY27.

## **Revenue and Cash**

The Board receives its revenue from licensure of pharmacists, pharmacy technicians, pharmacy benefit managers, and issuance of permits to numerous types of facilities. The fees collected each year, and the current cash balance are more than sufficient to fund the total request.

 MISSISSIPPI DIVISION OF  
**MEDICAID**

MEMORANDUM OF UNDERSTANDING  
BETWEEN  
THE DIVISION OF MEDICAID  
IN THE OFFICE OF THE GOVERNOR OF THE STATE OF MISSISSIPPI  
AND  
THE MISSISSIPPI BOARD OF PHARMACY

THIS MEMORANDUM OF UNDERSTANDING ("MOU") is made and entered into by and between the DIVISION OF MEDICAID IN THE OFFICE OF THE GOVERNOR, an administrative agency of the STATE OF MISSISSIPPI, hereinafter referred to as "DOM," and the MISSISSIPPI BOARD OF PHARMACY, hereinafter referred to as the "BOP." The parties have prepared this MOU to allow their respective vendors to share Medicaid Prescription Monitoring Program ("PMP") claims data directly in accordance with Miss. Code Ann. § 73-21-127.

WHEREAS, under and by virtue of Miss. Code Ann. § 43-13-101, *et. seq.* (1972, as amended), DOM is designated as the single state agency authorized and empowered to administer the Medical Assistance Program as enacted by the Mississippi State Legislature in compliance with Title XIX of the Federal Social Security Act, as amended;

WHEREAS, DOM currently has an agreement with University of Mississippi School of Pharmacy for the provision of retrospective drug utilization review, Drug Utilization Review Board facilitation, analytical support for clinical rule development and special projects, and second level appeals from the prior authorization ("PA") process, as well as other related services (collectively referred to herein as "DUR"); and,

WHEREAS, beginning in 2015, DOM identified a need for obtaining prescription monitoring program claims data on Medicaid program recipients from the BOP, as authorized by Miss. Code Ann. § 73-21-127 and included this need and continues to include this need in the DUR contract.

NOW, THEREFORE, in furtherance of the mutual interests and responsibilities of the parties hereto, this MOU is entered into by and between the parties upon the following terms, provisions, and conditions hereinafter stated:

- I. TERM: The term of this MOU shall commence on January 1, 2026, and shall remain in effect through December 31, 2029, unless terminated earlier by any party in accordance with Article VIII (Termination).
- II. COSTS: Each party shall bear its own costs in association with this MOU.
- III. OBJECTIVES:
  - A. BOP's respective PMP vendor will provide claims data directly to DOM's respective vendor, pursuant to its authority under Miss. Code Ann. § 73-21-127.
  - B. DOM's respective vendor will act on DOM's behalf for purposes of receipt of the claims data.

- C. DOM's DUR vendor will send a beneficiary file to the BOP's PMP vendor. The respective vendor, in turn, will match those records to the entire PMP claims database, thereby identifying all claims of Medicaid beneficiaries. The claims will then be sent to DOM's DUR vendor for analysis. This method shall be utilized to ensure that the Medicaid claims data is current for each period requested and to acknowledge that this will be an ongoing process.
- IV. COORDINATION OF SERVICES: The parties will support cooperation in the above-noted Objectives to further the specific goals in accordance with the provisions of this MOU and with state and federal law. Each party intends to utilize reasonable efforts to implement this MOU, and each party commits to appoint representative members to move forward with consideration of the issues herein described.
- V. RELATIONSHIP OF PARTIES: It is expressly understood and agreed that this MOU is in no way based on an employer-employee relationship.
- VI. NON-ASSIGNMENT AND SUBCONTRACTING: Neither party will be independently obligated or liable under this MOU to any party. Both parties understand and agree that it shall not assign, transfer, delegate, or subcontract, either in whole or in part, with respect to any of its rights, benefits, obligations, interests, or duties under this MOU without the prior written consent of the other party.
- VII. MODIFICATION OR AMENDMENT: Modifications or amendments to this MOU may be made upon mutual agreement of the parties, in writing signed by the parties hereto.
- VIII. TERMINATION: Any party may terminate this MOU at any time, with or without cause, by giving written notice to the other party of such termination and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. No party will be liable to any other party for termination of this MOU.
- IX. AVAILABILITY OF FUNDS: It is expressly understood and agreed that the obligation of all parties to proceed under this MOU is conditioned upon the appropriation of funds by the Mississippi State Legislature and the receipt of federal and/or state funds for the operation of DOM and the BOP.
- X. SEVERABILITY: It is understood and agreed by the parties hereto that if any part, term or provision of this MOU is by the courts or other judicial body held to be illegal or in conflict with any law of the State of Mississippi or any federal law, the validity of the remaining portions or provisions shall not be affected and the obligations of the parties shall be construed in full force as if the MOU did not contain that particular part, term, or provision held to be invalid.
- XI. CONFIDENTIALITY: Both parties agree that it shall not use or disclose for any purpose, except as provided for in this MOU any information concerning any recipient of services or provider of services that it may have access to or have knowledge of as a result of providing services to DOM. However, the obligation of confidentiality shall not apply to information that is required to be disclosed pursuant to law or the legal process. If either party must disclose such information pursuant to law or legal process, the party shall notify the other party without unreasonable delay and at least five (5) days in advance of any disclosure so that the other party may take appropriate

steps to address the disclosure, if needed. This confidentiality agreement survives the term of the MOU between DOM and BOP.

- XII. APPLICABLE LAW: This MOU shall be governed by and construed in accordance with the laws of the State of Mississippi, excluding its conflicts of laws provisions, and any litigation with respect thereto shall be brought in the courts of the State. Both parties shall comply with applicable federal, state and local laws, regulations, policies and procedures as now existing and as may be amended or modified.
- XIII. RESOLUTION OF FACTUAL DISPUTES: If possible, any dispute concerning a question of fact arising under this MOU shall be resolved through good faith negotiations between duly authorized representatives of DOM and BOP.
- XIV. NOTICES: Any notice from one party to the other under this MOU shall be in writing and shall be sent to the other party by certified U.S. Mail, postage prepaid, at its principal business address, with an e-mail copy to the e-mail address listed below, unless changed by either party hereto by written notice similarly given:

In the event that either party receives notice that a third party requested divulgance of the confidential or otherwise protected information and/or has served upon it a subpoena or other validly issued administrative or judicial process ordering divulgance of the confidential or otherwise protected information, the party shall promptly inform the other party, and thereafter respond in conformity with such subpoena as required by applicable State of Mississippi and/or federal law, rules, regulations, and any applicable Business Associate

Agreement(s), Nondisclosure Agreement(s), and/or Data Use Agreement(s) entered into between the parties. The provision herein shall survive the termination of the MOU for any reason and shall continue in full force and effect and shall be binding upon both parties and their agents, employees, successors, assigns, subcontractors, or any party claiming an interest in the MOU on behalf of, or under, the rights of the parties following termination.

- XVI. - XX. FORCE MAJEURE: Each party shall be excused from performance for any period and to the extent that it is prevented from performing any obligation or service, in whole or in part, as a result of causes beyond the reasonable control and without the fault or negligence of such party. Such acts shall include without limitation acts of God, strikes, lockouts, riots, acts of war, epidemics, governmental regulations superimposed after the fact, fire, earthquakes, floods, or other natural disasters ("force majeure events"). When such a cause arises, the non-performing party shall notify the other party immediately in writing of the cause of its inability to perform, how it affects its performance, and the anticipated duration of the inability to perform. Delays in delivery, delays in meeting completion dates, or inability to otherwise comply with the requirements of this MOU due to force majeure events shall automatically extend such dates for a period equal to the duration of the delay caused by such events, unless the other party determines it to be in its best interest to terminate the MOU.

## **Part 3002 Chapter 3: Public Records**

This rule establishes procedures and fees associated with all public requests for copies and/or inspection of public documents.

**A. Submission of Requests.**

1. All requests for information should be submitted to the Mississippi Board of Pharmacy either in writing or via email.
2. No verbal or telephone requests can be accepted.
3. The request should specifically outline the records that are being requested.

**B. Timetable for processing.**

All document requests will be approved or denied within seven (7) business days after the request is received. In the event of a denial for all or part of the request, the Board will provide an explanation of the denial to the requestor in writing. If the requested information is unable to be produced by the seventh day after the request is made, the Board will provide a written explanation regarding why the document cannot be produced during that timeframe. Unless there is a mutual agreement of the parties, in no case shall the production of the requested records, after timely payment and unless otherwise exempt, be any later than fourteen (14) working days from the receipt of the request.

**C. Exempt Documents.**

Some documents are exempt from publication such as personnel records, attorney communications and work products of attorneys.

**D. Third Party Information.**

Records furnished to the Board by third parties which contain trade secrets or confidential commercial or financial information shall not be subject to inspection, examination, copying or reproduction until the third party has been advised that the documents will be released. Further, no third-party information will be released if a third party obtains a court order prohibiting the same. The requestor will be notified of any court orders that prohibit the release of the requested information.

**E. Assessment of costs to the Requestor.**

Payment for information requested must be made in advance of receipt of documents and must be sufficient to cover the actual costs for the Board to furnish the information. Such costs include, but are not limited to, staff time: to evaluate the request, to retrieve any relevant files, to organize the information, to notify any Third Parties, to develop a cost estimate and schedule, to reproduce the material, and to deliver the information requested.

1. No cash, credit or debit cards, or personal checks can be accepted. Money orders, certified checks, or corporate checks are accepted.
2. An estimated cost will be provided to the requestor based on the volume of information, the format in which the information is stored and requested, and whether or not third-party information has been requested. The requestor may submit payment for processing of the request, amend the request or withdraw the request. The requestor should submit written notice of his/her intent to either proceed or withdraw the request.
3. If no response is given by the requestor within thirty (30) days of the estimated cost notification being sent, the Board will proceed no further with the request. If at a later date, the requestor decides to proceed with the request, he/she should submit a new request.
4. Timely payment under paragraph B. means payment received by the next business day after the estimated cost notification is provided to the requestor. By delaying the payment of the estimated fee past the next business day, the requestor acknowledges there may be a delay in the delivery of the requested documents. No request will be processed until payment is received.
5. The decision to charge for public records is at the discretion of the Board.

F. Requests for Document Inspections.

The requestor will be billed for the total amount of time expended by employees of the Board assisting with the inspection of documents. Additional fees incident to document production may be assessed.

2. No verbal or telephone requests can be accepted.
3. The request should specifically outline the records that are being requested.

B. Timetable for processing.

All document requests will be approved or denied within seven (7) business days after the request is received. In the event of a denial for all or part of the request, the Board will provide an explanation of the denial to the requestor in writing. If the requested information is unable to be produced by the seventh day after the request is made, the Board will provide a written explanation regarding why the document cannot be produced during that timeframe. Unless there is a mutual agreement of the parties, in no case shall the production of the requested records, after timely payment and unless otherwise exempt, be any later than fourteen (14) working days from the receipt of the request.

C. Exempt Documents.

Some documents are exempt from publication such as personnel records, attorney communications and work products of attorneys.

D. Third Party Information.

Records furnished to the Board by third parties which contain trade secrets or confidential commercial or financial information shall not be subject to inspection, examination, copying or reproduction until the third party has been advised that the documents will be released. Further, no third-party information will be released if a third party obtains a court order prohibiting the same. The requestor will be notified of any court orders that prohibit the release of the requested information.

E. Assessment of costs to the Requestor.

Payment for information requested must be made in advance of receipt of documents and must be sufficient to cover the actual costs for the Board to furnish the information. Such costs include, but are not limited to, staff time: to evaluate the request, to retrieve any relevant files, to organize the information, to notify any Third Parties, to develop a cost estimate and schedule, to reproduce the material, and to deliver the information requested.

1. No cash, credit or debit cards, or personal checks can be accepted. Money orders, certified checks, or corporate checks are accepted.
2. An estimated cost will be provided to the requestor based on the volume of information, the format in which the information is stored and requested, and whether or not third-party information has been requested. The requestor may submit payment for processing of the request, amend the request or withdraw the request. The requestor should submit written notice of his/her intent to either proceed or withdraw the request.
3. If no response is given by the requestor within thirty (30) days of the estimated cost notification being sent, the Board will proceed no further with the request. If at a later date, the requestor decides to proceed with the request, he/she should submit a new request.
4. Timely payment under paragraph B. means payment received by the next business day after the estimated cost notification is provided to the requestor. By delaying the payment of the estimated fee past the next business day, the requestor acknowledges there may be a delay in the delivery of the requested documents. No request will be processed until payment is received.
5. The decision to charge for public records is at the discretion of the Board.

F. Requests for Document Inspections.

The requestor will be billed for the total amount of time expended by employees of the Board assisting with the inspection of documents. Additional fees incident to document production may be assessed.
